Welcome to UTS College

“As the pathway to UTS, we help you to develop the knowledge, experience and skills to succeed at university and beyond. We work in collaboration with UTS to ensure your studies prepare you for your next step at university. Whether you are looking to undertake undergraduate studies or fulfil your postgraduate goals, you can start on your journey today – we will be there with you, helping you to succeed and thrive.”

Alex Murphy
Managing Director
UTS College

“UTS has an ambitious vision to be a leading public university of technology recognised for delivering global impact. We are measured by the success of our students, staff and partners and committed to research, innovation and the dissemination of knowledge of public value. Through our education, research and engagement with industry, we are committed to transforming to a lifetime of learning where we support people throughout their whole career and lives, ensuring we do more than simply prepare people to successfully enter the workforce. We look forward to welcoming you to UTS College and UTS.”

Professor Attila Brungs
Vice-Chancellor and President

We have changed our name from UTS Insearch to UTS College to more accurately reflect what we do, offering pathways to UTS. Our corporate entity will remain Insearch Limited so while we transition our name to UTS College throughout 2021, both names may appear.

See website utscollege.edu.au/about/faqs for further information.

About the University of Technology Sydney

The University of Technology Sydney (UTS) offers international, innovative and industry-relevant education in the heart of the global city of Sydney.

Why choose UTS?

UTS takes a global approach to education that has innovation at its core. UTS is a university for the real world. All programs are closely aligned with industry needs, so what you learn with us will prepare you for your future career.

Campus of the future

UTS has invested \$1.3 billion in creating a dynamic and interconnected campus of the future, with award-winning buildings, state-of-the-art facilities and sustainable design. We have tech-driven, purpose-built spaces that'll inspire you to collaborate and learn. UTS is close to Sydney's CBD in walking distance to Central Station, and just a few steps away from places to shop, eat and socialise.

Practice-oriented education

UTS is committed to hands-on practical learning. Projects, collaborative work and real-life case studies are key to this practice-based approach, giving you the skills you need to impress future employers. UTS academics are experts in their professional fields. They will enhance your learning experience with access to the most current industry practices and networks.

Our students come first

UTS provides support services including:

- English language support
- Study support
- Career development
- Confidential medical and counselling services
- Sports organisations and facilities
- Peer networking and peer support opportunities
- Housing support

Connections that count

Many of UTS's faculties are led by industry advisory boards. UTS programs offer extensive practical components that give you the chance to apply your theoretical learning in a real-world context. Many programs are also accredited by professional associations, so when you graduate, your degree will be recognised across your chosen sector.

Impact-driven research

UTS is a future-focused research university with an emphasis on technology, creativity and social disruption. We believe universities should work for the greater good by driving social change beyond campus - locally and globally - through research and practice. The university has also built partnerships with some of the world's most innovative and successful companies that share our passion for creativity and technology — partnerships that will play a key role in shaping your future.

More than just a job

The UTS Careers Service offers free career consultations, resume reviews and employment workshops – all designed to enhance your employment prospects. You can also access student job boards, industry career fairs, international alumni networks, or participate in one of the many volunteering opportunities at UTS.

The future-focused UTS Campus

Discover our campus that is connecting students, industry and the community.

Why choose UTS College?

Whether you're looking for a guaranteed* place in a UTS degree or need to improve your English for university - we can help you realise your full potential and give you the confidence to succeed at UTS.

Guaranteed entry to UTS

When you successfully complete your studies at UTS College, you'll receive guaranteed* entry to the corresponding UTS undergraduate degree. Most of our diplomas will take you straight into the second year^ of your UTS degree. Choose from diplomas in Business, Communication, Design & Architecture, Engineering, Information Technology or Science.

Students completing our Graduate Certificate courses also receive guaranteed** entry to selected UTS Masters courses.

Big in support. Small in size.

As an international student adjusting to a new education system, we want you to thrive while studying with us. That's why we've designed a robust framework of support services tailored specifically to meet our students' needs.

Our support services include our Learning Support Program, real-time classes delivered [Live Online](#), one-on-one tutorials, study skills workshops, full-time dedicated Study Success Advisers and peer-to-peer mentors.

By keeping our classes small in size, we can provide a more personalised learning experience.

Around-the-clock support

No matter where you are in the world, as a UTS College student you'll be able to get free study help anytime, anywhere with our Studiosity service. Available 24 hours a day, 7 days a week this provides:

- **Writing feedback from study specialists** - you can submit your writing tasks like essays or assignments and get feedback within 24 hours.
- **Live Connect** - a live chat support line you can use to ask a tutor any questions you may have about the subjects you study while at UTS College.

A better way to learn

Our teaching model focuses on life-long learning skills in the form of small classes, formative assessments, more face-to-face hours and an emphasis on collaboration in and outside of the classroom. This prepares you to evolve and adapt to challenges and opportunities not just for today, but in the future.

Part of UTS

Our diploma programs are designed in collaboration with UTS. This means the educational outcomes are the very same as first-year students studying a UTS undergraduate degree.

All academic students have access to world-class facilities at UTS, including the library, 24-hour computer labs and over one hundred clubs and associations.

*Based on completion of the UTS Foundation Studies program with the required GPA or completion of a diploma with no more than two subject failures (Only successful completion of the Diploma of Science is required for articulation to most Science degrees).

**Based on successful completion of your graduate certificate and other requirements specific to the graduate certificate you choose. [See website for full details.](#)

^Entry to second year of your UTS degree depends on the course you choose.

Find out about
our programs:

Scan or click on QR code

Latest technology and facilities

You'll have access to high-tech teaching facilities, an English Language Centre, purpose built computer labs, as well as a welcoming Student Centre, free high-speed campus WiFi, contemporary student lounges, kitchens and prayer rooms.

Our curriculum is underpinned by a range of innovative technologies and practices, including a contemporary Learning Management System (LMS) called Canvas.

You'll be required to Bring Your Own Device (BYOD) to classes as part of our technology and student-centred learning approach. This includes up-to-date laptops and tablets with WiFi connectivity so you can access online resources to support learning, student collaboration and communication.

A global network

Establish networks and friendships with students from Australia and across the globe. We welcome students from 75 different countries every year. One in five students at UTS College is Australian, so our campus is a culturally diverse environment.

Study first-year close to home

We've opened our Academic English, UTS Foundation Studies and diploma programs to the world and chosen a select group of partners to work with us to deliver our leading curricula. Students in China, Indonesia, Vietnam, South Korea, Myanmar and Sri Lanka can now start their journey to UTS, from their home countries.

Our programs are delivered internationally to the same high standards that you would expect at UTS College in Sydney. This gives students the opportunity to study their first-year of university at home, before progressing to study at UTS in Sydney. [Visit our website](#) to find out which programs are offered in your country.

A recognised tertiary qualification

On successful course completion, not only will you be ready to transition to a UTS degree, you'll receive an internationally-recognised higher education diploma in your chosen field of study.

Experience Sydney

Whether you begin your UTS journey in Australia or abroad, your ultimate destination is Sydney.

One of the best student cities in the worldⁱ

Imagine waking up in Australia's most vibrant, diverse and beautiful city. Welcome to Sydney — the nation's cultural centre and business capital.

When you choose to study at UTS College, you're choosing a university that's located in the heart of Sydney, surrounded by some of the world's biggest, most successful and innovative companies. These organisations create hundreds of graduate employment opportunities each year.

But there's so much more to Sydney than its thriving business and commercial centre.

A safe and friendly city

Sydney's reputation as a safe and sociable city is one of the reasons why over 178,000 international studentsⁱ choose to make it their home-away-from-home. As you settle into student life, you'll become part of the supportive multicultural community that exists throughout the city. You will quickly fall in love with the friendly buzz found in local cafes, galleries and shops. With new friends and a supportive network around you, your transition to life in Australia will be a rewarding and exciting adventure.

Explore the natural wonders Sydney has to offer

When you call Sydney home, you'll enjoy the natural and cultural wonders that people all over the world only dream about. There's so much to see and do when you're not studying, like visiting the beautiful beaches and exploring the nearby national parks. The frequent sunshine also brings the city's sights to life. Sydney's central business district (CBD) has an excellent public transport network, so you can easily and safely explore this thriving city. And when you need to travel interstate or overseas, you are close to Australia's biggest international and domestic airports.

Introduction to our programs

Message from our Dean of Studies

"The transition from high school to university is a major step in your life. We focus on making that transition an empowering experience for you. Our educational programs not only build your capabilities, but help to develop your confidence and equip you with the skills to really achieve your goals at university."

Tim Laurence
Dean of Studies

Academic English

Studying Academic English with UTS College means that you will be studying with one of the top English providers in Australia. We have more than 30 years' experience in delivering quality Academic English programs to international students.

Our programs are designed to help you become confident at communicating in English and ensure you develop the English language skills required to succeed at university and your future career.

Students have the opportunity to study at UTS College in Sydney or Sri Lanka, or with one of our partners in China, South Korea, Myanmar and Vietnam. These programs provide direct entry into UTS Foundation Studies, UTS College Diploma and Graduate Certificate courses as well as UTS undergraduate and postgraduate degrees[†].

UTS Foundation Studies

This program is delivered by UTS College on behalf of UTS and is specifically for international students who have completed their year 11 studies. The program enables you to develop your English language proficiency, and develop broad knowledge and skill sets to become a well-rounded and confident graduate, ready to study at university.

Completing the UTS Foundation Studies program opens doors to a wide range of study options and career choices and, for successful students, articulation into the UTS College diploma programs and most undergraduate degrees at UTS. Students have the opportunity to study UTS Foundation Studies at UTS College in Australia or UTS College Sri Lanka.

At UTS College Australia, students can choose^{**} to complete their UTS Foundation Studies over 8 months with our Standard program or 12 months with our Extended program.

^{**}Students are required to meet the specified entry requirements for the program they choose.

[†]Entry is subject to meeting academic and English language program entry requirements, as well as visa requirements as managed by the Department of Home Affairs.

Diploma Programs

We offer diplomas across six exciting disciplines, all designed in consultation with the corresponding UTS faculties. Whether your study interest is Business, Communication, Design & Architecture, Engineering, IT or Science, our diplomas are the perfect preparation program for a UTS undergraduate degree.

All of our diploma programs can be studied at UTS College in Australia. A selection of diploma programs are offered at UTS College in Sri Lanka, and depending on the diploma program you choose, you can study with one of our partners in China, Indonesia or South Korea. For more information visit our [website](#).

At UTS College Australia, students can choose* to complete their diploma over 8 months with our Accelerated program, 12 months with our Standard program or with our Extended program over 16 months.

The benefits of each are:

Accelerated (8 months)

- This is the fastest way to get into a UTS degree. However, the intense workload means that it will not be suitable for everyone.
- You will study the same content as first-year UTS degree students.

Standard (12 months)

- You will study the same content as the Accelerated program but the work will be spaced out over 12 months.
- It allows you more time to perfect your academic studies while adjusting to Australian education expectations.

Extended (16 months)

- You will study the same content as first-year UTS degree students.
- The workload has been set at the right pace for you. You will undertake Academic English and a range of subjects designed to prepare you to succeed as you progress through your studies.

*You will only be required to enter a UTS College Academic English program if you do not meet the English language entry requirements.

**Students are required to meet the specified entry requirements for the program they choose.

[#]This pathway is only available if you achieve the required Grade Point Average (GPA).

[^]The point where you enter into your UTS degree will depend on your major and is generally based on no more than two subject failures. Not all majors will take you into second year.

Please refer to the individual program pages in this guide for full credit point details. Note: Articulation of Diploma of Science students to some degrees is based on successful completion of the Diploma of Science.

Graduate Certificates (Pre-Master's Program)

A UTS College Graduate Certificate as part of our Pre-Master's Program guarantees* entry to UTS and is your way to a UTS master's degree. If you're looking to take your next step in postgraduate studies, a Graduate Certificate from UTS College will give you the confidence, knowledge and skills to succeed as you take your career to the next level.

You'll develop the language and academic skills you need to reach your postgraduate goals in a supportive learning environment. As you progress, verifiable digital badges will mark your achievements in key skills such as language and literacy. These badges will highlight your skills and achievements to future employers, giving you a competitive edge.

The program is built on a 'blended learning' model, which combines high quality Live Online classes with face-to-face learning (when borders reopen). Our Live Online classes are interactive, held in real-time, with engaging learning experiences. This lets you start your postgraduate journey right now, then transition to campus when practical.

A Graduate Certificate from UTS College will introduce you to the UTS style of learning and teaching, so once you're at UTS you'll be ready to take full advantage of UTS's industry-driven approach and the range of entrepreneurial experiences and career support.

At UTS College Australia, you can complete the graduate certificate over four months with our Accelerated program or eight months with our Standard program if you need to add English classes to your program.

The benefits of each are:

Accelerated (4 months)

- This is the fastest way to get into your UTS master's degree. However, the intense workload means that it will not be suitable for everyone. You must also meet the English language requirements.
- You will study the same content as first-year Semester 1 UTS master's degree students
- After successful completion of your Pre-Master's Program, you will enter Semester 2 of your first-year UTS master's degree at the same time as direct entry first-year master's degree students.

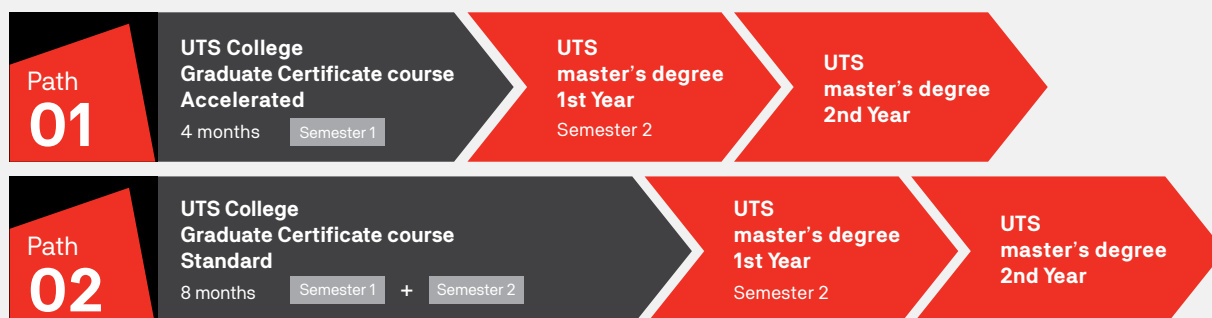

Standard (8 months)

- Over an 8-month period, you will study content covered in the Accelerated program with additional English language subjects to meet the English Language requirements for your UTS master's degree.
- It allows you more time to perfect your academic and English studies while adjusting to Australian education expectations.
- After successful completion of your Pre-Master's Program, you will be able to enter Semester 2 of your first-year UTS master's degree at the same time as direct entry first-year master's degree students.

Benefits of postgraduate study at UTS College and UTS:

- increase your earning potential
- gain recognition in your field or qualify for practice
- access a global network and make valuable connections

*Based on successful completion of the graduate certificate. [See website for details.](#)

Academic English

Learning English can open new horizons you never before thought possible. You'll develop confidence in any academic, social or professional situation; from asking questions in class to sharing a conversation with Australian friends or preparing for your first job interview.

Message from the Director of Studies ELP

“Our English Language pathway programs will provide you with the skills and knowledge needed for success in your UTS Foundation Studies program, UTS College diploma, UTS College graduate certificate program or in your UTS degree, as well as for social and future employment environments where English is spoken.

Many UTS College graduates have completed or are completing degree programs at UTS. You can look forward to joining them when you conclude your studies with us.”

Jason West

Director of Studies ELP,
BSc (Bradford, UK), CELTA, MLM (Curtin),
MA App Ling (UNE)

Get the most from your studies in and out of the classroom

Building confidence and proficiency in small classes

Learning in a small class means you can get more individual attention. Our English classes have an average of 16 students, so there are many opportunities to ask questions and connect with teachers for extra help and support.

You'll also have exclusive access to our HELPS centre, which offers a wide range of specialist resources for learning English. These also include a suite of online resources and support available 24 hours a day, 7 days a week, to ensure you have the support when you need it.

Learn the skills you need to succeed at university and in your career

You'll become a confident communicator who feels comfortable with the English language. Mastering Academic English will develop your reading, writing, listening and speaking skills.

Learn from the best

Our teachers are the most qualified and experienced in TESOL, which means you'll be taught by some of the best English teachers in Australia.

Looking for direct entry to university?

When you complete our Academic English program, no further IELTS or TOEFL tests are needed. Once you achieve the required English proficiency, you can move to the next program, whether that is UTS Foundation Studies, one of our diplomas, a graduate certificate or a UTS degree.

Program Benefits

- Small class sizes to give you the one-on-one attention you need to learn more effectively
- Engaging content to make learning fun
- Relevant topics to make conversations easier
- Friendly, highly qualified teachers to help you learn at your own pace
- Many resources via our HELPS service are available online to support you 24 hours a day, 7 days a week

Our Academic English programs can be studied at UTS College in Sydney or Sri Lanka, or with one of our partners in China, South Korea, Myanmar and Vietnam.

For more information refer to our website.

UTS Foundation Studies

Message from the UTS Foundation Studies Program Manager

“International students who study the UTS Foundation Studies program will experience excellent preparation for university success. The learning environment is supportive and student-focused, with small class sizes and experienced educational staff who engage students through active learning.

Students will benefit from this well-rounded high quality program that enables students to improve their English language skills, expand their knowledge, develop their academic skills and build their confidence to become independent and collaborative learners.”

Susan Sherringham
Program Manager,
UTS Foundation Studies
BA (Hons)

The UTS Foundation Studies program is delivered by UTS College on behalf of UTS.

The program is offered as a Standard program (2 semesters) or an Extended program (3 semesters).

The Standard program is recommended if you are more confident in your English language proficiency and academic skills, and you just need to improve further in order to articulate to UTS or a UTS College diploma program.

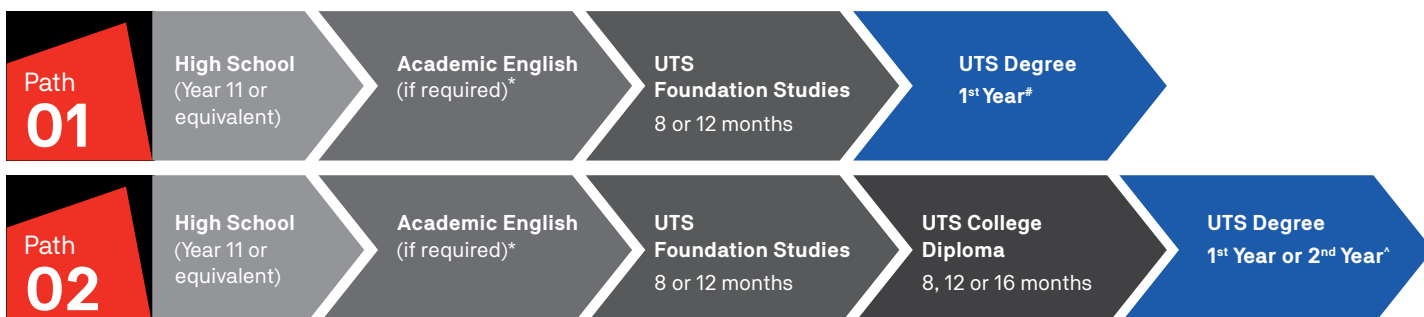

The Extended program provides additional opportunities for you if you are less confident in your English language proficiency and academic skills. An extra semester of study gives you time to develop and consolidate your English language and academic skills before you progress to UTS or a UTS College diploma program.

The UTS Foundation Studies program meets the requirements for foundation programs that have been registered on CRICOS for delivery in Australia, which means it provides academic preparation for international students who want to enter first-year undergraduate study.

Refer to our [website](#) for your country's entry requirements.

You'll experience many different ways of learning, including:

- Mini lectures
- Tutorial-style activities
- Role play
- Discussions
- Debates
- Experiments
- Collaboration
- Research and analysis
- Student-led group work
- Presentations

*You will only be required to enter a UTS College Academic English program if you do not meet the English language entry requirements. [Refer to our website for details.](#)

[#]This pathway is only available if you achieve the required Grade Point Average (GPA).

[^]The point where you enter into your UTS degree will depend on your major and is generally based on no more than two subject failures. Not all majors will take you into second year.

Program Benefits

- Subjects are designed for international students
- Successful graduates can get into most undergraduate degrees at UTS
- Prepares you with skills for study at any Australian university
- Broadens your education through a wide range of subjects
- Learning is supported through the use of a range of technologies

UTS Foundation Studies can be studied at UTS College in Sydney or Sri Lanka.

For more information refer to our website.

After you successfully complete the UTS Foundation Studies program and you have the required GPA, you can pursue the following UTS areas of study:

- Business
- Communication
- Design, Architecture and Building
- Education
- Engineering
- Health
- Information Technology
- International Studies
- Law
- Science
- Transdisciplinary Innovation

Diploma of Business

Message from the Business Program Manager

“Do you have a great idea for the next big thing? Want to enrich people’s lives with revolutionary products and services? Whether you work in finance, accounting, marketing or international business, UTS College business subjects will equip you with the knowledge and skills to get into a UTS Bachelor of Business and build a great business career.”

Vinh Tran

Program Manager, Business

B.Comm (RMIT), M.Comm (Macquarie),
M.Acc. (Macquarie)

As a Diploma of Business student you will gain direct entry into the second year of either the UTS Bachelor of Business, or Bachelor of Economics or direct entry into first-year of the Bachelor of Management, provided you successfully complete the diploma with no more than two subject failures. You will also be awarded **48 credit points** towards your UTS degree.

Business pathway into UTS

The pathway you take into UTS will depend on your English language proficiency and academic qualifications.

*You will only be required to enter a UTS College Academic English program if you do not meet the English language entry requirements. [Refer to our website for details.](#)

#This pathway is only available if you achieve the required Grade Point Average (GPA).

^Based on successful completion of your diploma with no more than two subject failures and depending on the UTS program you choose.

Program Benefits

- 48 credit points guaranteed[^]
- Direct entry into the second year of the UTS Bachelor of Business or Economics degrees[^]
- Focus on employability skills
- UTS and industry guest speakers
- Learn business theory for the real world
- Integrative thinking for the next generation of global business leaders

The Diploma of Business can be studied at UTS College in Sydney or Sri Lanka, or with one of our partners in China, Indonesia and South Korea.

For more information refer to our website.

You will receive 48 credit points towards the Bachelor of Business or Bachelor of Economics in the following majors:

- Accounting
- Advertising and Marketing Communications
- Economics
- Finance
- Human Resource Management
- International Business
- Management
- Marketing

Or the following UTS combined degree^{}:**

- Bachelor of Business/Bachelor of International Studies

You will also receive 48 credit points towards the Bachelor of Management.

Business subjects

	Semester 1	Semester 2	Semester 3	Semester 4
Accelerated Diploma <small>CRICOS CODE: 070300G</small> Total subjects: 8	<ul style="list-style-type: none"> • Academic and Business Communication • Accounting and Accountability • Economics for Business • People and Organisations • Business Statistics 	<ul style="list-style-type: none"> • Accounting, Business and Society • Marketing and Customer Value • Business and Social Impacts • Fundamentals of Business Finance 		
Standard Diploma <small>CRICOS CODE: 053606J</small> Total subjects: 8	<ul style="list-style-type: none"> • Academic and Business Communication • Accounting and Accountability • Economics for Business 	<ul style="list-style-type: none"> • Accounting, Business and Societyⁱ • People and Organisations • Fundamentals of Business Finance 	<ul style="list-style-type: none"> • Marketing and Customer Value • Business Statistics • Business and Social Impacts

Diploma of Communication

Message from the Communication Program Manager

“Do you dream of being an award winning journalist, film critic or advertising executive? From Journalism to Public Relations and Digital Media, your pathway to a sought after UTS communication degree begins here.”

Dr Janet Gibson

Program Manager, Communication

BA (Syd), Cert TESOL (UNSWIL),
Grad Dip Communication (UTS), MEd (UTS),
MA App Ling (UTS), MA Film and
Theatre (UNSW), PhD (Macquarie)

As a successful Diploma of Communication student majoring in either Public Relations or Digital and Social Media, you will gain direct entry into the second year of the UTS Bachelor of Communication with **48 credit points** awarded towards your UTS degree.

If you wish to study one of the other majors offered in the UTS Bachelor of Communication, the 48 credit points can apply to the duration of the degree, allowing for a reduced workload. Journalism and MAP majors can take up to 3 years to complete due to their program structures. Entry to all majors at UTS depends on completion of the diploma with no more than two subject failures.

Communication pathway into UTS

The pathway you take into UTS will depend on your English language proficiency and academic qualifications.

*You will only be required to enter a UTS College Academic English program if you do not meet the English language entry requirements. [Refer to our website for details.](#)

[#]This pathway is only available if you achieve the required Grade Point Average (GPA).

[^]Based on successful completion of your diploma with no more than two subject failures. The point where you enter your UTS Bachelor of Communication will depend on your major. Any failed subjects taken from outside those comprising the UTS College standard Diploma are not counted towards the 2 fail rule. Therefore the additional subjects in the Extended course are not taken into account when calculating the number of fails. Successful completion of the Diploma is still however a requirement.

Program Benefits

- 48 credit points guaranteed[^]
- UTS subjects adapted to support UTS College students
- Industry guest speakers
- Real-world assessments
- Access to the latest technology-enabled learning

You will receive 48 credit points towards the UTS Bachelor of Communication in the following majors[^]:

- Strategic Communication
- Digital and Social Media
- Journalism
- Media Arts and Production
- Social and Political Sciences
- Writing and Publishing

A double degree combining one of the above majors^{**} with:

- International Studies
- Law

* Prerequisite subject is Foundation Mathematics or satisfactory Mathematics Readiness Test.

** Prerequisite subject is Mathematical Modelling 1.

[#] You will be placed in either Academic English (ACEN001) or Academic Communication for Diploma (ACCO001) based on your level of English. If you are enrolled in Academic English (ACEN001) in the first semester of your program, you must successfully complete the subject before progressing into further subjects.

[^] Based on successful completion of your diploma with no more than two subject failures. Any failed subjects taken from outside those comprising the UTS College standard Diploma are not counted towards the 2 fail rule. Therefore the additional subjects in the Extended course are not taken into account when calculating the number of fails. Successful completion of the Diploma is still however a requirement.

All students in the Diploma of Engineering will have to complete Mathematical Modelling 1 and Mathematical Modelling 2 at UTS College. The program information is correct at time of printing, please visit our website for the latest details at utscollege.edu.au

Required Knowledge: The UTS College Diploma of Engineering accelerated (2 semester) and standard (3 semester) program is offered to students who have successfully completed Year 12 (or international equivalent) subjects in Mathematics and Physics. Chemistry is recommended only for the Biomedical major and Civil & Environmental major. (Students who do not meet the admission requirements may be considered for the extended program (4 semesters). The extended program includes three additional enabling subjects to ensure students have the core fundamentals before progressing onto more advanced subjects.) Students who attained their secondary education in a country other than Australia must have completed equivalent Mathematics subjects (plus Physics) in year 12, in order to qualify for the accelerated and standard program.

Graduate Certificate in Accounting and Finance

Message from the Pre-Master's Program Manager, Business

"If you're interested in pursuing postgraduate studies in accounting and finance, our UTS College Graduate Certificate will equip you with the knowledge and skills to get you into a relevant UTS master's degree. You'll improve your career prospects, build strong industry connections and receive an internationally recognised tertiary qualification in the process."

Vinh Tran

Program Manager, Business

B.Comm (RMIT), M.Comm (Macquarie),
M.Acc. (Macquarie)

Accounting and Finance

The [UTS College Graduate Certificate in Accounting and Finance](#) will give you the confidence, knowledge and skills you need to take your professional qualifications to the next level. This qualification provides you with 24 credit points* of advanced standing towards the Master of Professional Accounting (Extension) or the Master of Finance (Extension) at the [UTS Business School](#).

Over the course of one or two semesters**, you'll:

- study financial management and learn the skills required to make informed financial decisions
- examine the principles of macroeconomics and microeconomics as they relate to business management
- analyse financial statements and how to apply accounting concepts to gain business intelligence.

Plus, you'll gain additional skills in English language and organisational communication.

*Based on successful completion of the graduate certificate, with no more than 25 percent recorded fails (excludes English).

**Depending on your level of English literacy.

Program Benefits

- 24 credit points guaranteed*
- Direct entry into second semester of the relevant UTS Business School master's degree
- Focus on employability skills and improving career prospects
- Internationally recognised qualification
- Practical, real-world business challenges
- Learn financial management and business management skills

Graduate Certificate in Communication

Message from the Pre-Master's Program Manager, Communication

"If you're interested in pursuing postgraduate studies in media and communication, our UTS College Graduate Certificate will equip you with the knowledge and skills to get you into a relevant UTS master's degree. You'll improve your career prospects, build strong industry connections and receive an internationally recognised tertiary qualification in the process."

Dr Janet Gibson

Program Manager, Communication

BA (Syd), Cert TESOL (UNSWIL),
Grad Dip Communication (UTS), MEd (UTS),
MA App Ling (UTS), MA Film and
Theatre (UNSW), PhD (Macquarie)

Communication

The [UTS College Graduate Certificate in Communication](#) will jump start your career in the field of media and communication.

Over the course of one or two semesters**, you'll:

- explore key theories and contemporary concepts that inform human communication and strategic communication practices
- recognise the importance of cultural nuances in negotiating meaning
- examine the legal and regulatory frameworks that govern free speech and public communication
- apply 'design thinking' problem-solving skills to areas of interest for communication professionals.

On successful completion*, you'll achieve a graduate certificate qualification and gain 24 credit points of advanced standing towards a Master of Strategic Communication (Extension), or a Master of Media Practice and Industry (Extension), or a Master of Advanced Journalism (Extension) in the School of Communication, [Faculty of Arts and Social Science at UTS](#). There, you'll gain industry exposure, practical experience, and the skills you need to build a global career in media and communication.

*Based on passing all subjects of the graduate certificate.

**Depending on your level of English literacy.

Program Benefits

- 24 credit points guaranteed*
- Direct entry into second semester of the relevant UTS Faculty of Arts and Social Sciences master's degree
- Focus on employability skills and improving career prospects
- Internationally recognised qualification
- Practical, real-world strategic communication practices
- Learn key theories and contemporary concepts around media and communication

Graduate Certificate in Technology Practice

Message from the Pre-Master's Program Manager, Engineering and IT

"If you're interested in pursuing postgraduate studies in technology and engineering, our UTS College Graduate Certificate will equip you with the knowledge and skills you need for a relevant UTS master's degree. You'll improve your career prospects, build strong industry connections and receive an internationally recognised tertiary qualification in the process."

Jasmine Cheng
Program Manager, Engineering and IT
BCom (IS) (UoW), MICT (UoW)

Technology Practice

The [UTS College Graduate Certificate in Technology Practice](#) will set you on the right path for a career in IT or Engineering.

Over the course of one or two semesters**, you'll:

- learn how to manage the development and implementation of technology solutions and systems
- construct a research report based on a review of the literature which demonstrates synthesis of information, critical thinking, and the logical arguing of your point of view
- work on real-world design challenges using a design-thinking framework
- gain an understanding of, and appreciation for, professional standards and ethical behaviour in the information technology industry.

You'll also develop a full industry project proposal, perfect your English and academic skills, and gain new industry perspectives. On successful completion*, you'll gain entry and 24 credit points of advanced standing towards the following master's degree in the [UTS Faculty of Engineering and Information Technology](#):

- Master of Information Technology (Extension), Master of Information Technology, or Master of Data Science and Innovation, or
- Master of Engineering (Extension), or Master of Professional Engineering

*Based on successful completion of the graduate certificate with no more than 25 percent recorded fails. Master of Data Science requires a GPA of 4.0 on a 7.00 and no more than 25 per cent recorded fails (excludes English).

**Depending on your level of English literacy.

Program Benefits

- 24 credit points guaranteed*
- Direct entry into second semester of the relevant UTS Faculty of Engineering and Information Technology master's degree
- Focus on employability skills and improving career prospects
- Internationally recognised qualification
- Practical, real-world design challenges
- Learn technology solutions and systems management

Academic English program entry requirements

The right level of English

The duration of your Academic English program depends on your level of English language proficiency upon entry and your intended pathway.

Before you begin your UTS College academic program, UTS undergraduate or postgraduate degree, you will need to find out if you have the appropriate English language skills.

If you have a current IELTS, TOEFL or PTE (Academic) score (with the test date within 12 months of the program commencement date), refer to our [website](#) for more details. The table indicates which level of English and the minimum number of weeks of Academic English you will need to study before you commence your academic studies.

Having an IELTS, TOEFL or PTE (Academic) result will assist in estimating the duration of your English language studies for UTS Foundation Studies, UTS College diplomas and graduate certificates and UTS degree programs.

UTS College placement test

If you do not have a current IELTS, TOEFL or PTE (Academic) result and plan on undertaking Academic English prior to commencing your academic studies, you will need to sit an English placement test. This is conducted at all UTS College agents' offices or on the morning of the first day of term, where an English test result has not been provided prior to course commencement.

Assessment

You will sit an exam at the end of each level of our Academic English programs. Your result in this exam will be used to determine your progression to the next Academic English level.

English language entry requirements

UTS Foundation Studies

	Extended (3 semesters – 12 months)	Standard (2 semesters – 8 months)
IELTS (Academic)	Overall 5.5 with minimum 5.0 in writing	Overall 5.5 with minimum 5.0 in all bands
Linguaskill	162 and above	162 and above
TOEFL-PB	525 TWE 4.0	525 TWE 4.0
TOEFL-CB	197 TWE 4.0	197 TWE 4.0
TOFEL-iBT	58 with 16 in writing	58 with 16 in writing
TOEFL-iBT Special Home Edition Test	58 with 16 in writing	58 with 16 in writing
UTS College Academic English	AEL3 with pass grade	AEL3 with pass grade

TOFEL-iBT	72 with 21 in writing	79-93 with 21 in writing

Information for students who have completed high school in Australia

The right level of English

If you are an international student and have undertaken your high school studies in the Australian education system, you will be required to sit the IELTS test, TOEFL test or the PTE (Academic) test if:

- you have completed year 11 and have an English Second Language (ESL) mark of less than 60%
- you have achieved a low average mark for English in the HSC

If you proceed directly from UTS College Academic English to UTS, you will need to have completed AEL5 to get into most UTS degrees. Several UTS degree programs require a higher level of English proficiency than AEL5.

Entry to UTS

Please check English language entry requirements for UTS programs at international.uts.edu.au

Academic program entry requirements

The table below lists the minimum entry requirements needed to enter UTS College academic programs.

International qualifications

Qualification	UTS Foundation Studies ⁱⁱⁱ		UTS College Diplomas
	Extended (3 semesters – 12 months)	Standard (2 semesters – 8 months)	Extended (4 semesters – 16 months) Standard (3 semesters – 12 months) Accelerated (2 semesters – 8 months)
Global Assessment Certificate	On application	On application	GPA 2.30 Extended GPA 2.60 Standard and Accelerated
International Baccalaureate	Successful completion of Year 1 of the Diploma	18	21 Forecast IB score minimum 23 acceptable

Country/region entry requirements

Country/Region of Education	UTS Foundation Studies ⁱⁱⁱ		UTS College Diplomas
	Extended (3 semesters – 12 months)	Standard (2 semesters – 8 months)	Extended (4 semesters – 16 months) Standard (3 semesters – 12 months) Accelerated (2 semesters – 8 months)

Study expectations

Workload

On average, students take four subjects per semester with a maximum of 24 face-to-face teaching hours per week. However, there are differences based on whether your program is accelerated, standard or extended.

Study time

As a full-time student, you should spend about 48 hours a week on your studies, made up of equal face-to-face or online class time and self-study. Expect to spend around two hours each night for completing assignments and reviewing material.

Learning experience

Our specialised curriculum focuses on collaboration and teamwork. That means you'll often work with a group to complete assessments. If you're not used to this style of learning, we're here to help you adjust so you can get the best preparation possible for your career.

Bring Your Own Device (BYOD)

As part of our technology-enhanced learning approach, you need to bring your own device (BYOD) to use in your classes. Please visit utscollege.edu.au/current-students and review the IT support page for further information.

Study management

Attend and participate in class, ask questions, and get involved in discussions to help you gather all the information you need for your assignments. Stay organised and keep a calendar of your assessment due dates. Try to allow yourself at least two weeks to work on each one.

Most importantly, don't be afraid to seek help when you need it. We're here to help you with anything you may need.

Class schedule

Classes are scheduled from Monday to Saturday between 9am and 8pm. You'll also have time in your schedule to make new friends and explore all that UTS College and Sydney have to offer.

Our knowledgeable enrolment officers will help you to enrol and register your classes. You can also contact the Student Centre for assistance.

Live Online at UTS College

Your digital, connected campus of
the future

Stay safe and enjoy all the benefits of face-to-face learning, from home

UTS College Live Online is your digital, connected campus that lets you study now and travel later. You can graduate from one of our programs close to home, stay on track with your education, and be ready to study at UTS when restrictions are lifted. There's no need to put your future on hold.

Same quality curriculum

With Live Online at UTS College, you can be assured of the same quality curriculum delivered in our face-to-face classes. Designed in collaboration with UTS, our diploma programs lead to the same educational outcomes as first-year UTS programs while the UTS Foundation Studies prepares you for any undergraduate program at UTS. Our programs set you up for a smooth transition to UTS.

If you're studying our Academic English programs, you can also be assured that we are delivering a leading curriculum specially designed to get you ready for success at university and beyond.

'Real-time' classes

Unlike online learning which is usually self-directed at your own pace, the interactive Live Online classes at UTS College are taught in real-time with monitoring and feedback to students on performance. To ensure personal attention, tutorial sizes at UTS College are limited to small groups of no more than 20 students. Live Online classes may also be recorded, so they're available for review later if you want to revisit some ideas and topics.

See Live Online
in action here

"The Live Online learning we have at UTS College is one of the best. You are guided through your classes; you can see and interact with your teachers and classmates. There are breakout rooms for group project collaboration."

Maria

from India
Diploma of Engineering student

"The lectures are quick and easy to understand. I find it easier to watch a video without getting distracted from my peers. I am more focused while studying remotely."

Jo

from Malaysia
Diploma of Communication student

"Live Online is very convenient. It gives you a lot more opportunities than face-to-face learning because you can do it from anywhere in the world. It's the future approach to learning and it will become very common after this year."

Margarita

from Russia
Diploma of Business student

Same strong support

You will receive the same high level of support that face-to-face students have experienced at UTS College. These include one-on-one tutorials, study-skills workshops and access to dedicated Study Success Advisers. We also have processes and technology in place to identify when students may need extra help, so you receive support to stay on track. We are here every step of the way to help you succeed in your remote learning.

Our social community

All our students are part of a lively student community. You can join us on Facebook and WeChat.

We run discussions and activities to help students build a real connection with their peers and friends. There are online student events and activities with UTS Activate and our Activities Club – so being remote doesn't mean you're out of sight or out of mind – we want to get to know you and we look forward to being friends.

State-of-the-art education technology and IT support

The quality of content in our Live Online programs is underpinned by world-leading Learning Management System (LMS) and collaboration tools, with expert tech support from our large, friendly IT team. Students will use:

Canvas

This is the fastest-growing, specialised LMS, used by universities and colleges all over the world. It's simple, intuitive interface integrates with a wide variety of educational resources, learning apps and mobile devices making it the perfect tool for busy students. With Canvas collaboration is easy and it helps you to stay organised. If you need help with Canvas, simply contact your Subject Coordinator, teacher, or refer to the Canvas Student Guide.

Zoom and RingCentral

These user-friendly video conferencing and communication tools enable you to engage easily with other students and your teachers.

Comprehensive technical support

Our friendly and professional IT team is responsive and student focused.

Step-by-step guides

To help students get set up for Live Online, we've put together step-by-step instruction guides, as well as Live Online Guide. We also provide online learning support workshops and online one-on-one learning support for all of our students.

Take a look

at how one of our students uses Canvas to access study resources, chat with study specialists and more

"The teachers at UTS College are really supportive and enthusiastic, ensuring that all students are learning to their full potential even with the challenges that COVID-19 presents."

Zwe

from Myanmar
Diploma of IT student

"I had a wonderful experience receiving support from a Study Success Adviser. Being a shy person, I'm nervous speaking English. They provided coaching tips to build my confidence for presentations. I received a great grade."

Yesol

from South Korea
Diploma of Engineering student

Start your future now

We're here with all the support and resources you need to kick-start your university dreams with Live Online.

utscollege.edu.au/live-online

Student support services and facilities

Learning support

Study success sessions

During Orientation and Academic Preparation Week, you will attend study success workshops. In these workshops, you learn how to manage your time and get the most out of your lectures and tutorials.

Higher Education Language and Presentation Support (HELPS) Centre

With free weekly one-on-one learning support sessions for Academic English students, you'll feel better prepared for your assessments and exams. The HELPS Centre also runs activities such as:

- Speaking groups
- Short film discussion groups
- Learning assistance sessions
- Teaching support

One-on-one learning tutors

We offer free weekly one-on-one learning support sessions in both Academic Writing and Mathematics, which will help to prepare you for assessments and exams.

Subject Coordinator consultation

If you have problems with a specific subject, our Subject Coordinators can assist you during weekly drop-in sessions, or online.

Study help 24 hours a day, 7 days a week

Free online study help is available to all UTS College students anytime, anywhere via our [Studiosity](#) service. You can get constructive feedback on your written assignments or chat to a study specialist if you have a question about one of your subjects. This support service is great for after-hours study as well.

Message from the Study Success Adviser Team Leader

"Starting the journey of your university education at UTS College marks a new chapter in your life. It is exciting, empowering and at the same time challenging. All of these experiences will equip and enhance your life after university.

Study Success Advisers are your helping hands during this journey. We can assist you by providing advice, support and referral services to help you stay on track and progress in your studies."

Zoe Wang

Study Success Adviser Team Leader

BA Information and Library Science (Wuhan University),
Grad Dip Information Technology (Swinburne),
Grad Dip Secondary Teaching (Monash) M Ed (Sheffield University)

Study skills workshops

During the semester we offer free weekly academic study skills workshops, which will help you to manage your study load, understand how to write your assessments and prepare for your exams.

Peer support in the classroom

Selected peer helpers work closely with the classroom teacher to provide you with additional support. Peer helpers may assist with group activities and help you to understand what is required to pass assignments.

Peer mentoring

We understand that moving overseas to study can feel daunting. Our International Student Mentoring Program (ISMP) is in place to empower you to stay academically motivated, whilst making the most of your time in Sydney.

Our student peer mentors will help you to settle into your program, understand the culture and make new friends.

Ongoing academic support

Dedicated Study Success Advisers

Study Success Advisers can offer you support and advice on your studies, so you know what you need to do to meet your program requirements and stay on track. If you have any difficulties that may affect your studies, ask your Study Success Adviser for help.

Welfare and Accommodation support

Accommodation

We have a team in place that can offer you support and advice on accommodation matters. If you're looking for a Homestay host or an accommodation provider, our team can help you.

Counselling services

If you ever need to talk to someone about academic progress, study, finance or personal problems, UTS offers confidential counselling. A counsellor is also on campus each week, which means you can have private conversations if you need some help.

Other services

Security

Your safety and security is our priority. We provide security in all our buildings to offer immediate help if you ever need it.

Prayer rooms

You can worship in privacy on campus at our dedicated multi-faith prayer rooms.

Health services

You can access health and medical assistance at the UTS Health Service.

Student Centre

If you need help with general enquiries, you can visit the Student Centre. They can assist you with confirmation of enrolment, public transport information, certificates and transcripts, updating your contact details, paying your fees, accommodation assistance and visa enquiries.

Facilities

Experience the latest technology

You'll have access to up-to-date student computer labs and high-speed wireless internet throughout the campus.

You can enjoy studying in modern buildings that house cutting-edge facilities, labs and working spaces designed for collaboration and effective learning.

Access a world-class library

As an academic student, you can use the UTS library, which has thousands of online and physical resources just waiting for you. In fact, the innovative robotic Library Retrieval System provides access to more than 900,000 books, so you can find information and resources quickly and easily.

Bring Your Own Device (BYOD)

As part of our technology-enhanced learning approach, you need to bring your own device (BYOD) to use in your classes. Please visit utscollege.edu.au/current-students and review the IT support page for further information.

24 hour study help - anytime, anywhere

Powered by **Studiosity**

24 hours, 7 days a week study support for all UTS College students, from our Writing Feedback service to live, interactive study support through ConnectLive.

Writing Feedback

This service provides feedback for essays and written assignments. The Writing Feedback service benefits students at all levels - whether you're fluent in English or a beginner.

You will get feedback from a study specialist who can help you with grammar, punctuation, sentence structure and phrasing. Upload your draft essay or assignment and you'll get comprehensive and constructive feedback within 24 hours.

ConnectLive

ConnectLive provides one-to-one, personal help with your studies in real-time. You can post your study question via your student account, then connect to a specialist.

When connected, you'll enter an online and interactive 'classroom' where you can chat with the specialist and work through your question together.

Support outside the classroom

Think of Studiosity as having your own tutor, only instead of one tutor, as a UTS College student you'll have access to hundreds of specialists 24 hours, 7 days a week.

"When I use Studiosity I get better marks and that makes me more confident as a student."

[Learn more](#)

Student activities

Make new friends for life and thrive in a new social scene

Activities Club

You'll love our free Activities Club and will find it a fun way to make new friends. Get involved in exciting activities, such as movie nights, barbecues, sports competitions, music, excursions and more.

When you join the Activities Club, you become part of a community that improves the wellbeing of students. Together, we encourage learning, celebrate success and connect you with like-minded people to create new friendships and build a thriving community. It will be a highlight of your learning journey!

There are lots of online activities and clubs as well. You can join clubs for:

- arts and crafts
- music
- cooking
- yoga
- gaming
- arts and architecture
- gardening
- drama

To find out more, please visit utscollege.edu.au/clubs-and-activities

University clubs with ActivateUTS

Enjoy photography, languages, sport, raising money for charity or helping the environment? ActivateUTS has something for everyone. There are hundreds of social clubs, events and sporting activities you can join with other students from across the university. What activities would you like to try?

There are:

- K-Pop and Hip Hop dance classes
- cheerleading workshops
- basketball
- badminton
- tennis
- soccer
- run groups
- cricket
- anime and film appreciation clubs
- chess clubs
- martial arts
- music groups
- trivia nights
- dinner clubs

To find out more, please visit activateuts.com.au

If you are off campus and plan to study Live Online at UTS College, there are lots of free online clubs, activities and events to join. There are plenty of opportunities to have fun, meet interesting people from all over the world and make new friends.

Volunteering

Giving back is rewarding. You can be a student volunteer and become part of the valuable team that helps new students settle in. Your efforts really do make a positive difference to students and help to make their arrival smoother.

You'll make new friendships — and build connections — that last a lifetime. Volunteers participate in a great training program, and you gain experience that helps you in your professional life after university.

Student Advisory Groups

We have designated Student Advisory Groups for each of our programs. The groups meet with our Program Managers and teachers on a regular basis to discuss topics such as current policies, procedures and recommendations to improve the student experience. It's a great way for you to have a voice in your education.

Scholarships and prizes

International student scholarships

Helping students to succeed is at the heart of everything we do. You should be rewarded for your hard work and dedication when you achieve excellent academic results. That's why we offer special scholarships to our top international students.

Some of the scholarships on offer include:

Dianne Leckie Memorial Scholarship

The Dianne Leckie Memorial Scholarship is awarded annually to an outstanding international student. Eligible students must have completed the UTS College Diploma of Business and enrolled in the Bachelor of Business at UTS.

The Dianne Leckie Memorial Scholarship is awarded to students who have shown exceptional academic achievement and personal qualities, and covers two years tuition in the UTS Bachelor of Business program along with overseas health cover and other benefits. The scholarship value is more than A\$50,000.

The scholarship is in memory of Dianne Leckie, who served on the Insearch Limited Board and UTS Council. It celebrates her commitment to higher education.

UTS College to UTS Pathway Scholarship

This scholarship has been designed to support high achieving international students who are currently studying a diploma at UTS College, and wish to continue at UTS.

Six scholarships are awarded each year to international students who have achieved high academic success and show motivation to succeed. The scholarship covers half of the cost of a students' tuition fees for the duration of a standard undergraduate program at UTS.

Prizes

As well as awarding scholarships to our high achievers, we love to celebrate them as well! Prizes are awarded to students studying UTS College diplomas and the UTS Foundation Studies program.

More than A\$200,000 in prizes is awarded each year.

Dean's Merit and Outstanding Graduate Prizes

Each semester, we celebrate success with the Dean's Merit Prize. This prize is awarded to students who achieve the highest Grade Point Average (GPA) in the first semester for each program. To be considered for this prize, you must be studying a diploma program or UTS Foundation Studies.

The Outstanding Graduate Prize is awarded to the students who achieve the highest GPA overall at the end of their program.

For more information about our scholarships and prizes, please visit

utscollege.edu.au/scholarships

“Knowing how proud my parents are of my achievement is the greatest feeling! I've since invested my prize into a life long dream of mine – to become a Lab Scientist and work in medical research.”

Amshuma Rayamajhi
From Gulmi, Nepal

Diploma of Science student and
UTS College Outstanding Graduate Prize winner and
UTS College to UTS Pathways Scholarship recipient

Accommodation in Sydney

Accommodation

You can choose from a variety of accommodation options while you study at UTS College. Whether it's a family home, a unit by the beach or student housing in the UTS precinct, Sydney offers many options.

Student accommodation

A great range of student accommodation options is available within easy reach of UTS College. This is a popular choice for students who want to be part of a student community and experience city living. Student accommodation providers include (but are not limited to) Urbanest, Iglu, Link2 Student Living and UniLodge.

For more information, contact the Student Accommodation team at accommodation@utscollege.edu.au or visit utscollege.edu.au/accommodation

Exclusive Urbanest offer for UTS College students

UTS College, in partnership with Urbanest, offers high-quality and safe accommodation options, all conveniently located in the city, near our campus and at a reduced rate — for both over and under 18's. You'll benefit from a Sydney airport pickup, welcome pack and household items to help you settle in. Sharing accommodation with your fellow classmates helps to create a fun community away from campus.

For more information contact the Urbanest accommodation team at enquiries@urbanest.com.au or visit the below pages to view the deals.

Under 18 Students:
utscollege.edu.au/accommodation-under-18

Over 18 Students:
utscollege.edu.au/accommodation-over-18

Homestay

If you are new to Australia you can apply to live with a Homestay family. Living with a local family is a great way for you to experience life in Australia and practise your spoken English. All Homestay families have been specially chosen to ensure that a safe and supportive home environment is provided. Each home is within 45–60 minutes travelling time from campus, in a variety of locations around Sydney. We offer transport from the airport for homestay students as well.

Other options

Renting and house sharing are also popular options. The UTS Housing Service provides a listing of available private properties, which includes share houses, apartments, studios and rooms if you want to live independently. The service is free of charge and accommodation agents can provide assistance before you arrive in Sydney.

Please note: If you are an international student under the age of 18 and your accommodation and welfare arrangements have not been approved by the Department of Home Affairs, you are required to live in accommodation approved by UTS College.

Find out more about accommodation options by visiting our website: utscollege.edu.au/accommodation

Frequently asked questions

Applications and enrolment

Should I apply early?

Yes. The sooner you apply, the sooner you can receive your offer and secure your place. It will also ensure you have plenty of time to apply for your student visa.

What is the turnaround time for processing applications?

Complete applications are processed within 48 hours.

Can I still apply even if I don't have all my certified documents with me?

Yes. UTS College can still process your application if you do not have all the relevant documents you need. We will provide you with a provisional offer. Once we have received the required documents and confirmed that you have met both academic and English entry requirements, a full offer can be made.

How do I extend my Full-time English (FTE) enrolment?

You need to go to the UTS College Student Centre and submit a new application. A staff member will arrange the re-enrolment and issue a new Confirmation of Enrolment (CoE) when we have received your payment.

What is the International Student Processing Fee (ISPF)?

You must pay a processing fee of A\$250 when you accept your offer from UTS College.

How will you communicate with me?

After you accept your offer and pay the required fees, you will be given your own UTS email address and details of how to activate it. This is how we will communicate with you from that point onwards.

Applying for a student visa

Do I need to purchase health insurance if I apply for a student visa?

Yes. Visa requirements state that international students need to purchase an approved Overseas Student Health Cover (OSHC) policy, before arriving in Australia. This will cover you for your entire visa. UTS College can assist in arranging this. Refer to our international student application form.

What happens if there is a gap between programs?

If you would like to apply for a package visa you should plan to avoid any lengthy gaps between programs. Your agent can assist with this, or you can contact the UTS College Student Admissions office for help with an appropriate study plan. Please email:

admissions@utscollege.edu.au

Student accommodation

What are my accommodation options in Sydney?

We can help you to find accommodation with the following providers:

- Homestay; a popular choice for international students.
- Student Accommodation; providers include Urbanest, Unilodge and Iglu.
- Off-campus accommodation; UTS Housing Service provides a private listing of properties such as share houses, studios and rooms.

How long does it take to organise Homestay accommodation?

UTS College requires at least 28 days' notice to arrange a Homestay and airport welcome service. For more information contact our Student Accommodation Coordinator: +61 2 9218 8614 or accommodation@utscollege.edu.au or visit our website: utscollege.edu.au/accommodation

Studying at UTS College

What are the rules about attendance?

Maintaining satisfactory attendance is a condition of your student visa and a requirement of UTS College. On both accounts, the requirement is to attend at least 80% of classes.

Where can I find information on program timetables?

Information on lecture and tutorial times is posted on eStudent. Details about how to access eStudent will be provided during Welcome Week.

How many people will be in class with me?

Class sizes at UTS College are small, with no more than 20 students per academic class and an average of 16 students per English class. This means you benefit from maximum face-to-face time with your tutor or lecturer.

How many hours of study per week are required?

Diploma: this depends on your program and program mode (Accelerated, Standard and Extended).

Academic English: 20 hours of face-to-face study and 10 hours of individual study.

UTS Foundation Studies: On average 28 hours face-to-face study with a further 12 hours of independent learning.

Can I work while studying?

Yes. A focus on your studies is essential but we recognise that some students may want to work part-time. Working arrangements need to fit around your study commitments. Some visas have work restrictions.

A student visa allows you to work part-time (maximum 40 hours per fortnight) while studying.

Part-time work must not interfere with your studies or timetable. You must be available to attend classes from 9am-8pm, Monday to Friday. You may also be required to attend classes on a Saturday.

During study breaks, you may work full-time.

How can I change from one program to another?

If you want to change your program, you will need to go to the UTS College Student Centre and talk to a staff member. Transferring to another program will depend on availability, your academic progress and your academic/English qualifications.

Welcome Week

When is Welcome Week?

Orientation and Academic Preparation Week is held before your classes commence. Information regarding this will be sent via email.

Is attendance at Welcome Week compulsory?

Yes. All sessions are compulsory.

These sessions will support your transition into life at UTS College and Sydney.

Articulation to UTS

How does articulation to UTS work?

During the final semester of your diploma, graduate certificate or UTS Foundation Studies program, a transfer session will take place that you must attend. UTS faculty representatives will offer advice and information about the various degrees and majors available, and articulation from UTS College. Study Success Advisers will provide more details about the transfer session.

If I fail some subjects, can I still articulate to UTS?

If you fail any subjects you will need to repeat them. If you are an international student and complete a UTS College diploma with no more than two subject failures, you are guaranteed articulation to the relevant UTS undergraduate degree.

If you fail more than two subjects, the guarantee does not apply and UTS will assess whether you are able to articulate into a degree. If you complete the UTS Foundation Studies program you need to achieve a specific Grade Point Average (GPA) in order to have guaranteed articulation to UTS.

Student support

Does UTS College have extra learning support?

Yes. Study Skills Workshops are available during Welcome Week, and throughout the year, to help you get a head start with your studies. Please speak to your Study Success Adviser for further information.

Student scholarships

Does UTS College offer scholarships?

Yes. A list of the UTS College scholarships can be found at utscollege.edu.au/scholarships

UTS Insearch name change

Does UTS Insearch have a new name?

Yes. Our name has changed from UTS Insearch to UTS College. Because the name change will take some time and not everything can be updated at once, you may see both UTS Insearch and UTS College names being used throughout 2021. This change will not affect your studies.

You can find out more by visiting the FAQ's page on our website utscollege.edu.au/about/faqs

How to apply and accept your offer

Applying to UTS College and accepting an offer is easy. It can be completed in 3 simple steps.

1. Apply

Students must apply through an authorised UTS College agent. Please visit utscollege.edu.au/find-an-agent to find an authorised agent in your country. Certified copies of English qualifications and academic transcripts (translated into English) must accompany your completed application form. Please visit utscollege.edu.au/how-to-apply for further information.

In exceptional circumstances, where there are no conveniently located authorised UTS College agents, applications, including a completed and signed international student application form, and supporting documentation can be emailed to admissions@utscollege.edu.au

Please visit utscollege.edu.au/au/about/publications to download an application form.

2. Receive Offer

Successful applicants will receive an offer letter with program details and required fees.

3. Accept & Pay

To accept your offer you must pay your fees and submit your signed and dated Acceptance Form. You are required to pay in Australian dollars via Flywire (our preferred method of payment). We recommend that you pay your fees early to secure your place in the program, and to allow sufficient time for visa processing.

Applying for your visa

When we receive your fee payment and Acceptance Form, UTS College will issue you with a Confirmation of Enrolment (CoE), which is required to obtain a student visa.

If you opt for a package visa to cover the duration of your UTS College program(s) and your UTS degree, you

will also require a CoE for your UTS degree and you will be charged an administration fee of A\$110. This fee will be included in your UTS College offer letter and should be paid when accepting your offer. This will not be refunded if you are not accepted for your UTS degree. You are now ready to apply for your student visa.

UTS College Package Offers

If you are undertaking an Academic English program, you may apply for a UTS College study package with one of the following:

- UTS Foundation Studies
- UTS College Diploma
- UTS College Graduate Certificate
- UTS Undergraduate program, or
- UTS Postgraduate program.

Any one of these study packages will deem you eligible for a 5% discount on your Academic English program fees. Please note, if you are undertaking an Academic English program at UTS College before pursuing a program at UTS, you will need to apply for the UTS program first at the UTS International Office.

If you are undertaking UTS Foundation Studies and a UTS College Diploma as a study package, you will be eligible for a 5% discount on your diploma program fees.
