## Please note:

1. If further clarification is required to assess your application, you may be asked for further details via the application email or asked to make an appointment with the Student Success Team member.
2. If your application is unsuccessful, you can re-apply if your financial situation worsens.
3. Applicants above the \$900 fortnightly income but within a close range of this amount can be considered on the basis of extenuating circumstances such as carer roles for dependents on their income, or other personal circumstances resulting in hardship. We ask you to provide supporting documentation to the extent that it is possible.
4. You will receive an acknowledgement email after your application is submitted. It will take approximately 1 week to process your application. Peak periods may lead to minor delays. You will be notified by email on the outcome of your application.
5. Once your application has been approved, it will take approximately one (1) week for your payment to be made. Please ensure you enter your Australian bank account details correctly, to avoid payment delays to your nominated bank account.
6. We expect all students to provide genuine, truthful evidence of financial hardship. Providing misleading information such as transferring funds to a hidden account is in breach of the Student Charter and will be dealt with accordingly. Such conduct is a very serious matter. It also increases the processing time of applications for all students and may delay the granting of funds to students in genuine need.
