Welcome to UTS College

“Whether you’re taking your first steps towards undergraduate studies, or considering a postgraduate goal, UTS College can help you develop the knowledge, experience, and skills to succeed at university and beyond. We collaborate with UTS to make sure your studies prepare you to enter university with confidence. We’ll be there with you, helping you succeed from day one.”

Morwenna Shahali
Chief Executive Officer
UTS College

“UTS has an ambitious vision to be a leading public university of technology recognised for our global impact. We are measured by the success of our students, staff and partners and we have an unwavering commitment to research, innovation and the dissemination of knowledge of public value. Through our education, research and engagement with industry, we’re committed to transforming to a lifetime of learning where we support people throughout their whole career and lives, ensuring we do more than simply prepare people to successfully enter the workforce. We look forward to welcoming you to UTS College and UTS.”

Professor Andrew Parfitt
Vice-Chancellor and President
University of Technology Sydney

About the University of Technology Sydney

The University of Technology Sydney (UTS) offers international, innovative and industry-relevant education in the heart of the global city of Sydney.

Why choose UTS?

UTS takes a global approach to education that has innovation at its core. UTS is a university for the real world. All programs are closely aligned with industry needs, so what you learn with us will prepare you for your future career.

Campus of the future

UTS has created a dynamic and interconnected campus of the future, with award-winning buildings, state-of-the-art facilities and sustainable design. We have tech-driven, purpose-built spaces inspiring you to collaborate and learn. UTS is close to Sydney's CBD, in walking distance to Central Station, and just a few steps away from places to shop, eat and socialise.

Practice-oriented education

UTS is committed to hands-on practical learning. Projects, collaborative work and real-life case studies are key to this practice-based approach, giving you the skills you need to impress future employers. UTS academics are experts in their professional fields. They will enhance your learning experience with access to the most current industry practices and networks.

Our students come first

UTS provides support services including:

- English language support
- study support
- career development
- confidential medical and counselling services
- sports organisations and facilities
- peer networking and peer support opportunities
- housing support.

Connections that count

Many of UTS's faculties are led by industry advisory boards. UTS programs offer extensive practical components that give you the chance to apply your theoretical learning in a real-world context. Many programs are also accredited by professional associations, so when you graduate, your degree will be recognised throughout your chosen sector.

Impact-driven research

UTS is a future-focused research university with an emphasis on technology, creativity and social disruption. We believe universities should work for the greater good by driving social change beyond campus — locally and globally — through research and practice. The university has also built partnerships with some of the world's most innovative and successful companies that share our passion for creativity and technology — partnerships that will play a key role in shaping your future.

More than just a job

The UTS Careers Service offers free career consultations, resume reviews and employment workshops — all designed to enhance your employment prospects. You can also access student job boards, industry career fairs, international alumni networks, or participate in one of the many volunteering opportunities at UTS.

Why choose UTS College?

Whether you're looking for a guaranteed* place in a UTS degree or need to improve your English for university - we can help you realise your full potential and give you the confidence to succeed at UTS.

Guaranteed entry to UTS

When you successfully complete your academic studies at UTS College, you'll receive guaranteed* entry to your corresponding UTS undergraduate degree. We have a wide range of undergraduate academic programs to suit your needs, including the UTS Cambridge Accelerator, UTS Foundation Studies and diplomas.

Most of our diplomas will take you straight into the second year^ of your UTS degree. Choose from diplomas in Animation Production, Business, Communication, Design & Architecture, Engineering, Information Technology or Science.

Big in support. Small in class size.

As an international student adjusting to a new education system, we want you to thrive while studying with us. That's why we offer your choice of tailored support to meet your needs.

Our support services include our Learning Support program, study skills workshops, full-time dedicated Study Success Advisers, Career Education and Development program and peer-to-peer mentors.

By keeping our classes small in size, we can provide a more tailored learning experience.

Around-the-clock online support

No matter where you are in the world, as a UTS College student you'll be able to get free study help anytime, anywhere with our Studiosity service. Available 24 hours a day, seven days a week, this provides:

- **writing feedback from study specialists** - you can submit your writing tasks, including essays or assignments, and get feedback within 24 hours.
- **Live Connect** - a live chat support line you can use to ask a tutor any questions you may have about the subjects you study while at UTS College.

A better way to learn

Our learning model, Learning.Connected focuses on life-long learning skills in the form of small, interactive classes, formative assessments, 24/7 access online to learning materials, regular support and feedback from your teachers and an emphasis on collaboration in and outside of the classroom. This prepares you to adapt to challenges and opportunities not just for today, but for UTS and in the future.

Part of UTS

Our diploma programs are designed in collaboration with UTS. This means the educational outcomes are the same as first-year students studying a UTS undergraduate degree.

All academic students have access to world-class facilities at UTS, including the library, 24-hour computer labs and more than 100 clubs and associations.

*Based on completion of the UTS Foundation Studies program with the required GPA or completion of a diploma with no more than two subject failures (Only successful completion of the Diploma of Science is required for articulation to most Science degrees).

**Based on successful completion of your graduate certificate and other requirements specific to the graduate certificate you choose. [See website for full details.](#)

^Entry to second year of your UTS degree depends on the course you choose.

Find out about
our programs:

Scan or click on QR code

Latest technology and facilities

You'll have access to high-tech teaching facilities, an English Language Centre, purpose-built computer labs, as well as a welcoming Student Centre, free high-speed campus WiFi, contemporary student lounges, kitchens and prayer rooms.

Our curriculum is underpinned by a range of innovative technologies and practices, including a contemporary Learning Management System (LMS) called Canvas.

You'll be required to Bring Your Own Device (BYOD) to classes as part of our technology and student-centred learning approach. This includes up-to-date laptops and tablets with WiFi connectivity so you can access online resources to support learning, student collaboration and communication.

A global network

Establish networks and friendships with students from Australia and across the globe. We welcome students from 75 different countries every year. One in five students at UTS College is from Australia, so our campus is a culturally diverse environment.

Study first-year close to home

We've opened our Academic English, UTS Foundation Studies and diploma programs to the world and chosen a select group of partners to work with us to deliver our leading curricula internationally. Students in China, Indonesia, Vietnam, South Korea, Myanmar, India, Bangladesh and Sri Lanka can now start their journey to UTS, from their home countries.

Our overseas programs are delivered to the same high standards that you would expect at UTS College in Sydney. This gives students the opportunity to study their first-year of university at home, before progressing to study at UTS in Sydney. **Visit our website** to find out which programs are offered in your country.

A recognised tertiary qualification

On successful course completion, not only will you be ready to transition to a UTS degree, you'll receive an internationally-recognised higher education qualification and certificate in your chosen field of study.

Experience Sydney

Whether you begin your UTS journey in Australia or abroad, your ultimate destination is Sydney.

One of the best student cities in the worldⁱ

Imagine waking up in Australia's most vibrant, diverse and beautiful city. Welcome to Sydney — the nation's cultural centre and business capital.

When you choose to study at UTS College, you're choosing a university that's located in the heart of Sydney, surrounded by some of the world's biggest, most successful and innovative companies. These organisations create hundreds of graduate employment opportunities each year.

But there's so much more to Sydney than its thriving business and commercial centre.

A safe and friendly city

Sydney's reputation as a safe and sociable city is one of the reasons why more than 192,000 international studentsⁱ choose to make it their home-away-from-home. As you settle into student life, you'll become part of the supportive multicultural community that exists throughout the city. You will quickly fall in love with the friendly buzz found in local cafes, galleries and shops. With new friends and a supportive network around you, your transition to life in Australia will be a rewarding and exciting adventure.

Explore the natural wonders Sydney has to offer

When you call Sydney home, you'll enjoy the natural and cultural wonders that people all over the world only dream about. There's so much to see and do when you're not studying, like visiting the beautiful beaches and exploring the nearby national parks. The frequent sunshine also brings the city's sights to life. Sydney's central business district (CBD) has an excellent public transport network, so you can easily and safely explore this thriving city. And when you need to travel interstate or overseas, you are close to Australia's biggest international and domestic airports.

Introduction to our programs

Message from our Dean of Studies

“Moving from the familiar world of high school to university is no small thing. We’re here to make sure that transition is a positive experience. At UTS College, we’ll help unlock your full potential while you develop the knowledge, confidence, and skills to thrive at university.”

Sally Payne
Dean of Studies

Benefits of Academic English study at UTS College:

- expert advice with over 35 years' experience delivering English Language programs
- convenient CBD campus location
- part of UTS, making your transition to an English speaking university easier
- English language programs for any stage of your study journey: from A Levels, foundation programs, higher education diplomas, undergraduate and postgraduate degrees.
- Available for UTS College diplomas.

Academic English

Studying Academic English with UTS College means that you will be studying with one of the top English providers in Australia. We have more than 35 years' experience in delivering quality Academic English programs to international students.

Our programs are designed to help you become confident at communicating in English and ensure you develop the English language skills required to succeed at university and your future career.

Students have the opportunity to study at UTS College in Sydney or Sri Lanka, or with one of our partners in China, South Korea, Myanmar and Vietnam. These programs provide direct entry into UTS Foundation Studies and UTS College diploma courses as well as most UTS undergraduate degrees[†].

^{**}Students are required to meet the specified entry requirements for the program they choose.

[†]Entry is subject to meeting academic and English language program entry requirements, as well as visa requirements as managed by the Department of Home Affairs.

New program starting in 2026!

Cambridge International AS and A Levels

This two-year program is for international students who have completed Year 10.

In a world-first, you can study globally recognised Cambridge International AS and A Levels with the option of four Business or STEM-focused first year university (diploma) subjects. Your course also includes Academic English and the Duke of Edinburgh's International Award (a leadership and life skills development program).

Cambridge International AS and A Levels allows you to start your journey to university early and immerse yourself in study areas that you're passionate about, with a focus on future career opportunities.

Completing the Cambridge International AS and A Levels guarantees successful students entry to the first year of a UTS degree*, along with credit points towards a UTS College diploma.

UTS Foundation Studies

This program is delivered by UTS College on behalf of UTS and is specifically for international students who have completed their year 11 studies.

The program enables you to develop your English language proficiency, and develop broad knowledge and skill sets to become a well-rounded and confident graduate, ready to study at university.

Completing the UTS Foundation Studies program opens doors to a wide range of study options and career choices and, for successful students, articulation into UTS College diplomas and most undergraduate degrees at UTS. You can study UTS Foundation Studies at UTS College in Australia or UTS College Sri Lanka.

At UTS College in Australia, students can choose** to complete their UTS Foundation Studies in eight months for our Standard program or in 12 months with our Extended program.

Diplomas

A UTS College diploma guarantees entry to a UTS undergraduate degree, with most diplomas fast-tracking you to second year UTS.* They are designed in consultation with the corresponding UTS faculties to prepare you for your degree. These diplomas offer pathways into:

- Animation Production
- Business
- Communication
- Design and Architecture
- Engineering
- IT
- Law
- Science

All of our diplomas can be studied at UTS College in Australia. A selection of diplomas are offered at UTS College in Sri Lanka, and depending on the diploma you choose, you can study with one of our partners in China, Indonesia, India, Bangladesh or South Korea. For more information visit our [website](#).

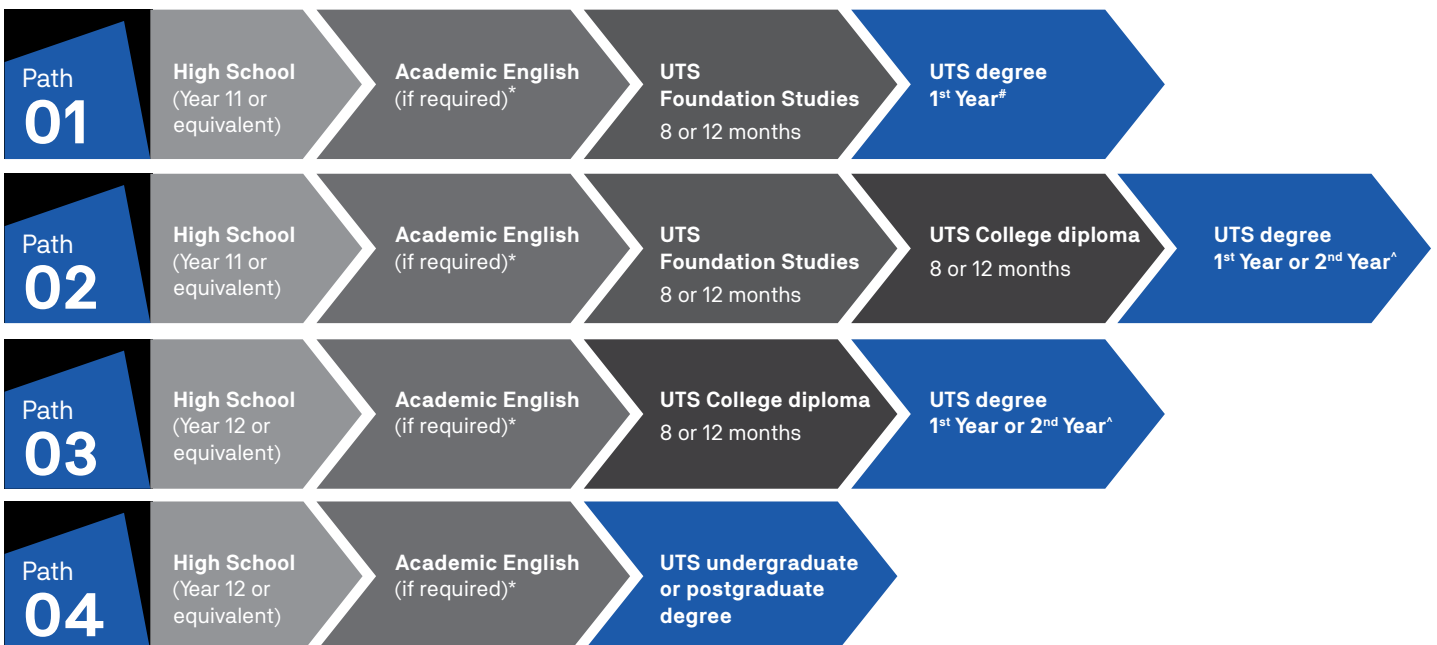

Accelerated or Standard?

At UTS College in Australia, you can choose** to complete your diploma in eight months with our Accelerated program or 12 months with our Standard program. The type of program you choose depends on how much time you need to adjust to studying in Australia, your Academic English skills and the study workload you feel comfortable with.

Find out which diploma program duration is right for you:

Your pathway to UTS

*You will only be required to enter a UTS College Academic English program if you do not meet the English language entry requirements.

**Students are required to meet the specified entry requirements for the program they choose.

#This pathway is only available if you achieve the required Grade Point Average (GPA).

^The point where you enter into your UTS degree will depend on your major and is generally based on no more than two subject failures. Not all majors will take you into second year.

Please refer to the individual program pages in this guide for full credit point details. Note: Articulation of Diploma of Science students to some degrees is based on successful completion of the Diploma of Science.

Academic English

Learning English can open new horizons you never before thought possible.

You'll develop confidence in any academic, social or professional situation. Whether it's asking questions in class, sharing a conversation with Australian friends or preparing for your first job interview.

Academic English

Message from the Director of Studies ELP

“Our English language pathway programs will provide you with the skills and knowledge needed for success in your UTS Foundation Studies program, UTS College diploma or in your UTS degree, as well as for social and future employment environments where English is spoken.

Many UTS College graduates have completed or are completing degree programs at UTS. You can look forward to joining them when you conclude your studies with us.”

Jason West

Director of Studies ELP,
BSc (Bradford, UK), CELTA, MLM (Curtin),
MA App Ling (UNE)

Get the most from your studies in and out of the classroom

Building confidence and proficiency in small classes

Learning in a small class means you can get more individual attention. Our English classes have an average of 16 students, so there are many opportunities to ask questions and connect with teachers for extra help and support.

You'll also have exclusive access to our HELPS centre, which offers a wide range of specialist resources for learning English. These also include a suite of online resources, to ensure you have the support when you need it.

Learn the skills you need to succeed at university and in your career

You'll become a confident communicator who feels comfortable with the English language. Mastering Academic English will develop your reading, writing, listening and speaking skills.

Learn from the best

Our teachers are highly qualified and experienced in Teaching English to Speakers of Other Languages (TESOL), which means you'll be taught by some of the best English teachers in Australia.

Looking for direct entry to university?

When you complete our Academic English program, you don't need to complete any further IELTS or TOEFL tests. Once you achieve the required English proficiency, you can move to the next program, whether that is UTS Foundation Studies, one of our diplomas or a UTS degree.

Program benefits

- Small class sizes to give you the one-on-one attention you need to learn more effectively
- Engaging content to make learning fun
- Relevant topics to make conversations easier
- Friendly, highly qualified teachers to help you learn at your own pace
- Engaging resources and support available on campus and online

Our Academic English programs can be studied at UTS College in Sydney or Sri Lanka, or with one of our partners in China, South Korea, Myanmar or Vietnam.

For more information refer to our website.

Cambridge International AS and A Levels

New program
starting in 2026!

Cambridge International AS and A Levels is the first of its kind in Australia, providing an immersive Australian university experience for international Year 10 graduates studying Cambridge AS and A Levels.

Get ready to build the academic, leadership and life skills you need to accelerate your learning and succeed at UTS and beyond.

Did you know?

All Cambridge students will benefit from UTS College's renowned support services that have been tailored to under 18-year-old international students. This includes peer mentoring, free weekly one-on-one support sessions, counselling from student success advisers, 24/7 live chat study support and dedicated English language and study support workshops.

We offer a variety of accommodation options tailored to students under 18 years of age. From student residential accommodation for under-18 students, to living with a local Australian family.

Safety and support is our top priority. All classes are scheduled during the day and are centrally located within the UTS city campus which offers 24-hour on site security. Plus, every student will be well looked after and cared for, with our extensive range of teen support and welfare services.

Program benefits

- Earn a globally recognised Cambridge International AS and A level qualification.
- Enhance your academic and university-level English language skills early, all while experiencing life and study at a top 100 university.
- Choose one of three streams and study subjects you're passionate about: commerce, engineering or information technology.
- Get guaranteed entry to UTS*.
- Build essential life and leadership skills through the Duke of Edinburgh's International Award.

After you successfully complete the program with the required GPA, you can pursue the following areas of study, based on what course stream you choose:

- | | |
|------------|-------------------------------|
| • Business | • Engineering |
| • Commerce | • Information Technology (IT) |

Cambridge International AS and A Levels

Message from the UTS Cambridge Accelerator Program Principal

"This is an unrivalled opportunity for your child to be guided and supported by highly qualified and compassionate educators, and to be deeply connected to their learning, all while being fully prepared to accelerate to university and thrive in the career and future of their choosing."

Justin Chu
Principal,

Cambridge International AS and A Levels
BSc (1st Class Hons), MPhil, MEd, PGDE

This program is delivered by UTS College on behalf of UTS. It combines globally recognised Cambridge International AS and A Levels with the option of four Business or STEM-focused first year university (diploma) subjects. The 2-year curriculum also includes Academic English and the Duke of Edinburgh's International Award – a leadership and life skills development program.

All of this is delivered on the world-class University of Technology Sydney (UTS) campus, located in the heart of Sydney, Australia.

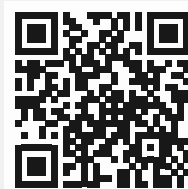

Refer to our [website](#) for your country's entry requirements.

Why choose this program:

- Earn internationally recognised qualifications.
- Start your international university experience early.
- Build your English language skills
- Pursue your passion for science, business, engineering, or IT.

Hear from our alumni

UTS Foundation Studies

Message from the UTS Foundation Studies Program Manager

“International students who study the UTS Foundation Studies program will experience excellent preparation for university success. The learning environment is supportive and student-focused, with small class sizes and experienced educational staff who engage students through active learning.

Students will benefit from this well-rounded high-quality program that enables students to improve their English language skills, expand their knowledge, develop their academic skills and build their confidence to become independent and collaborative learners.”

Justin Chu

Program Manager,
UTS Foundation Studies
BSc (1st Class Hons), MPhil, MEd, PGDE

The UTS Foundation Studies program is delivered by UTS College on behalf of UTS.

The program is offered as a Standard program (2 semesters) or an Extended program (3 semesters).

The Standard program is recommended if you are more confident in your English language proficiency and academic skills, and you just need to improve further in order to articulate to UTS or a UTS College diploma.

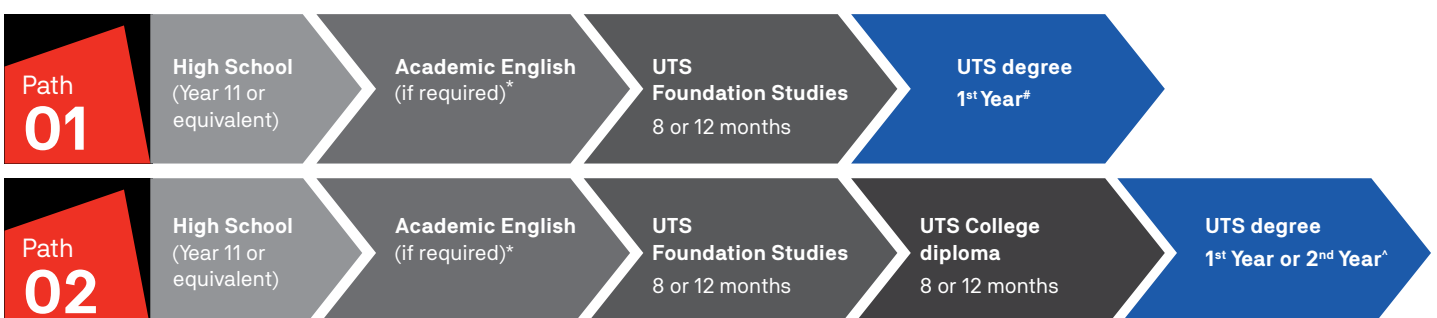

The Extended program provides additional opportunities for you if you are less confident in your English language proficiency and academic skills. An extra semester of study gives you time to develop and consolidate your English language and academic skills before you progress to UTS or a UTS College diploma.

The UTS Foundation Studies program meets the requirements for foundation programs that have been registered on CRICOS for delivery in Australia, which means it provides academic preparation for international students who want to enter first-year undergraduate study.

Refer to our [website](#) for your country's entry requirements.

You'll experience many different ways of learning, including:

- tutorial-style activities
- role play
- discussions
- debates
- experiments
- collaboration
- research and analysis
- student-led group work
- presentations.

*You will only be required to enter a UTS College Academic English program if you do not meet the English language entry requirements. [Refer to our website for details.](#)

[#]This pathway is only available if you achieve the required Grade Point Average (GPA).

[^]The point where you enter into your UTS degree will depend on your major and is generally based on no more than two subject failures. Not all majors will take you into second year.

Program benefits

- Subjects are designed for international students
- Successful graduates can get into most undergraduate degrees at UTS
- Prepares you with skills for study at any Australian university
- Broadens your education through a wide range of subjects
- Learning is supported through the use of a range of technologies.

UTS Foundation Studies can be studied at UTS College in Sydney or Sri Lanka.

For more information [refer to our website.](#)

After you successfully complete the UTS Foundation Studies program and you have the required GPA, you can pursue the following UTS areas of study:

- Analytics and Data Science
- Animation Production
- Business
- Communication
- Design, Architecture and Building
- Engineering
- Health
- Health (GEM)
- Information Technology
- International Studies
- Law
- Science and Mathematics
- Transdisciplinary Innovation

[‡] All students wanting to study Engineering must successfully complete FMT002 and FMT003.

Diploma of Animation Production

Our program lets you explore your passion for visual arts, drawing and storytelling. Gain the knowledge and hands-on experience required to create animation work that stands out in a global industry.

Diploma of Animation Production

UTS is a global
TOP 100

university for
Communication and
Media Studies, including
Animation Production

¹ QS World University Subject Rankings 2024

Message from the Creative Industries Program Manager

Do you have a passion for visual arts, drawing and storytelling? Want to apply your creativity in a global industry that offers a wide range of dynamic and ambitious employment opportunities? Start your journey to UTS animation production here.

Dr Alex Su

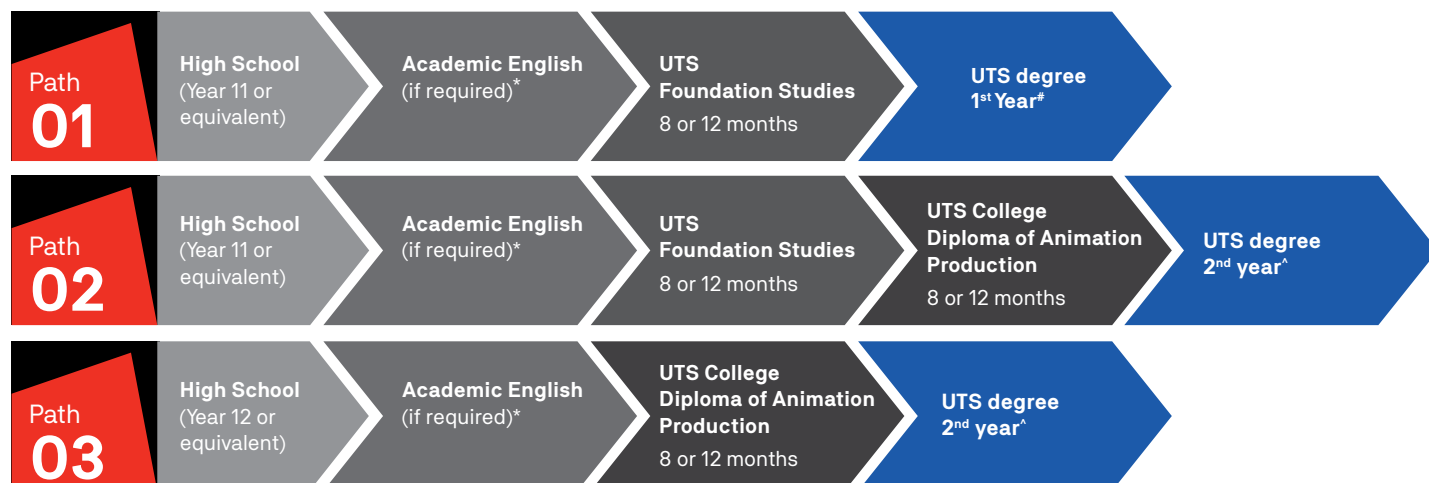

Program Manager, Creative Industries
BA (Hons) (UQ), PhD (UTS)

As a Diploma of Animation Production student you will gain direct entry into the second year of the UTS Bachelor of Animation Production, provided you successfully complete your diploma with no more than two subject failures. You will also be awarded **48 credit points** towards your choice of the UTS Bachelor of Animation Production or UTS Bachelor of Animation and Bachelor of International Studies (combined degree).

The course is accredited by the Tertiary Education Quality Standards Agency (TEQSA) and is offered to both domestic and international students. It is recognised by the Australian Qualifications Framework (AQF).

Animation pathway into UTS

The pathway you take into UTS will depend on your English language proficiency and academic qualifications.

*You will only be required to enter a UTS College Academic English program if you do not meet the English language entry requirements. [Refer to our website for details.](#)

#This pathway is only available if you achieve the required Grade Point Average (GPA).

^Based on successful completion of your diploma with no more than two subject failures.

Program benefits

- **48 credit points with guaranteed entry to UTSⁱⁱ**
- **Direct entry into the second year of your UTS animation degree[^]**
- **Focuses on traditional and foundational knowledge in animation**
- **Creative, studio-led approach in a practical learning environment**
- **Taught by experts in design, animation and creative industries**

You will receive 48 credit points towards either

- Bachelor of Animation Production
- Bachelor of Animation Production / Bachelor of International Studies (combined degree)

Animation Production subjects

	Semester 1	Semester 2	Semester 3	Semester 4

Academic English program entry requirements

The right level of English

The duration of your Academic English program depends on your level of English language proficiency upon entry and your intended pathway.

Before you begin your UTS College academic program, UTS undergraduate or postgraduate degree, you will need to find out if you have the appropriate English language skills.

If you have a current IELTS, TOEFL or PTE (Academic) score (with the test date within 12 months of the program commencement date), refer to our [website](#) for more details. The table indicates which level of English and the minimum number of weeks of Academic English you will need to study before you commence your academic studies.

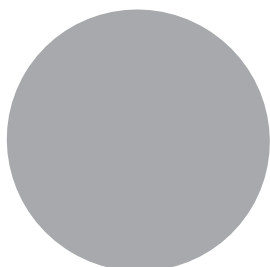

Having an IELTS, TOEFL or PTE (Academic) result will assist in estimating the duration of your English language studies for UTS Foundation Studies, UTS College diplomas and UTS degree programs.

UTS College placement test

If you do not have a current IELTS, TOEFL or PTE (Academic) result and plan on undertaking Academic English prior to commencing your academic studies, you will need to sit an English placement test. This is conducted at all UTS College agents' offices or on the morning of the first day of term, where an English test result has not been provided prior to course commencement.

Assessment

You will sit an exam at the end of each level of our Academic English programs. Your result in this exam will be used to determine your progression to the next Academic English level.

English language entry requirements

Cambridge International AS and A Levels – available from 2026

Qualification	Cambridge International AS and A Levels
	AS and A Levels (6 semesters, 2 years) <i>Minimum one of the below English Entry requirements:</i>
	Evidence of studying for a minimum of two years at a school where all subjects, except languages, were taught in English.
AEAS	Score 57 or above (equivalent to IELTS 5.5). AEAS Report.
IELTS (Academic/ Online)	5.5 Overall, min 5.0 all skills.
TOEFL- iBT	58, 16 in writing.
UTS College English AE3	Pass grade.
Pearson PTE	Overall, 46, min 38 all skills.
C1 Advanced/C2 Proficiency	Overall 162, min 154 all skills.

Cambridge Assessment English	C1 Advanced or C2 Proficiency: overall 169 NO less than 169 in any paper	C1 Advanced or C2 Proficiency: overall 169 NO less than 169 in any paper

Information for students who have completed high school in Australia

The right level of English

If you are an international student and have undertaken your high school studies in the Australian education system, you will be required to sit the IELTS test, TOEFL test or the PTE (Academic) test if:

- you have completed year 11 and have an English Second Language (ESL) mark of less than 60 per cent
- you have achieved a low average mark for English in the HSC.

If you proceed directly from UTS College Academic English to UTS, you will need to have completed AEL5 to get into most UTS degrees. Several UTS degree programs require a higher level of English proficiency than AEL5.

Entry to UTS

Please check English language entry requirements for UTS programs at international.uts.edu.au

Academic program entry requirements

The table below lists the minimum entry requirements needed to enter UTS College academic programs.

International qualifications

Qualification	UTS Foundation Studies ⁱⁱⁱ		UTS College diplomas
	Extended (3 semesters – 12 months)	Standard (2 semesters – 8 months)	Standard (3 semesters – 12 months) Accelerated (2 semesters – 8 months)

Student support services and facilities

Learning support

Study success sessions

During Orientation (also known as Welcome Week), you will attend study success workshops. In these workshops, you learn how to manage your time and get the most out of your lectures and tutorials.

Higher Education Language and Presentation Support (HELPS) Centre

With free weekly one-on-one learning support sessions for Academic English students, you'll feel better prepared for your assessments and exams. The HELPS Centre also runs activities such as:

- speaking groups
- short film discussion groups
- learning assistance sessions
- teaching support.

One-on-one learning tutors

We offer free weekly one-on-one learning support sessions in both Academic Writing and Mathematics, which will help to prepare you for assessments and exams.

Subject Coordinator consultation

If you have problems with a specific subject, our Subject Coordinators can assist you during weekly drop-in sessions, or online.

Study help anytime, anywhere

Free online study help is available to all UTS College students anytime, anywhere via our [Studiosity](#) service. You can get constructive feedback on your written assignments or chat to a study specialist if you have a question about one of your subjects. This support service is great for after-hours study as well.

Study skills workshops

During the semester we offer free weekly academic study skills workshops, which will help you to manage your study load, understand how to write your assessments and prepare for your exams.

Message from the Student Support Manager

"Starting the journey of your university education at UTS College marks a new chapter in your life. It is exciting, empowering and at the same time challenging. All of these experiences will equip and enhance your life after university.

Study Success Advisers are your helping hands during this journey. We can assist you by providing advice, support and referral services to help you stay on track and progress in your studies."

Zoe Wang

Student Support Manager

BA Information and Library Science (Wuhan University),
Grad Dip Information Technology (Swinburne),
Grad Dip Secondary Teaching (Monash) M Ed (Sheffield University)

Peer support in the classroom

Selected peer helpers work closely with the classroom teacher to provide you with additional support. Peer helpers may assist with group activities and help you to understand what is required to pass assignments.

Peer mentoring

We understand that moving overseas to study can feel daunting. Our Peer Mentor program for international students is in place to empower you to stay academically motivated, while making the most of your time in Sydney.

Our student peer mentors will help you to settle into your program, understand the culture and make new friends.

"I had a wonderful experience receiving support from a Study Success Adviser. Being a shy person, I'm nervous speaking English. They provided coaching tips to build my confidence for presentations. I received a great grade."

Yesol

from South Korea
Diploma of Engineering student

Ongoing academic support

Dedicated Student Success Advisers

Student Success Advisers can offer you support and advice on your studies, so you know what you need to do to meet your program requirements and stay on track. If you have any difficulties that may affect your studies, ask your Student Success Adviser for help.

Welfare and Accommodation support

Accommodation

We have a team in place that can offer you support and advice on accommodation matters. If you're looking for a Homestay host or an accommodation provider, our team can help you.

Counselling services

If you ever need to talk to someone about academic progress, study, finance or personal problems, UTS offers confidential counselling. A counsellor is also on campus each week, which means you can have private conversations if you need some help.

Other services

Security

Your safety and security is our priority. We provide security in all our buildings to offer immediate help if you ever need it.

Prayer rooms

You can worship in privacy on campus at our dedicated multi-faith prayer rooms.

Health services

You can access health and medical assistance at the UTS Health Service.

Student Centre

If you need help with general enquiries, you can visit the Student Centre. They can assist you with confirmation of enrolment, public transport information, certificates and transcripts, updating your contact details, paying your fees, accommodation assistance and visa enquiries.

Facilities

Experience the latest technology

You'll have access to up-to-date student computer labs and high-speed wireless internet throughout the campus.

You can enjoy studying in modern buildings that house cutting-edge facilities, labs and working spaces designed for collaboration and effective learning.

Access a world-class library

As an academic student, you can use the UTS library, which has thousands of online and physical resources just waiting for you. In fact, the innovative robotic Library Retrieval System provides access to more than 900,000 books, so you can find information and resources quickly and easily.

Bring Your Own Device (BYOD)

As part of our technology-enhanced learning approach, you need to bring your own device (BYOD) to use in your classes. Please visit utscollege.edu.au/current-students and review the IT support page for further information.

Study help - anytime, anywhere

Powered by **Studiosity**

As a UTS College student, you'll have access to Studiosity, an online study support service.

Writing Feedback

This service provides feedback for essays and written assignments. The Writing Feedback service benefits students at all levels - whether you're fluent in English or a beginner.

You will get feedback from a study specialist who can help you with grammar, punctuation, sentence structure and phrasing. Upload your draft essay or assignment and you'll get comprehensive and constructive feedback within 24 hours.

ConnectLive

ConnectLive provides one-to-one, personal help with your studies in real-time. You can post your study question via your student account, then connect to a specialist.

When connected, you'll enter an online and interactive 'classroom' where you can chat with the specialist and work through your question together.

Support outside the classroom

Think of Studiosity as having your own tutor, only instead of one tutor, as a UTS College student you'll have access to hundreds of specialists 24 hours, seven days a week.

"When I use Studiosity
I get better marks and
that makes me more
confident as a student."

Learn more

A new way to learn: Learning.Connected

Reach your potential at UTS and beyond with our highly supportive, interactive and personalised learning experience that puts you at the centre.

We've developed a future-focused learning experience that will help you excel at UTS and beyond.

How is Learning.Connected different?

- Big in personalised support, with small face-to-face classes where help is always at hand.
- Develops your collaboration, communication, independent learning and critical thinking skills.
- Make the most of your time in and outside of class, using the latest technology and interactive online tools, activities and resources to help you revise, retain and prepare for class.
- You're actively guided by your teachers every step of the way – in or out of class, in workshops, during consultations, via feedback on your independent learning tasks.

"The teachers at UTS College are really supportive and enthusiastic, ensuring that all students are learning to their full potential."

Zwe

from Myanmar
Diploma of IT student

Learning.Connected is different
and what our students say.

CareerSmart at UTS College

CareerSmart is a six-week career education and development program combining face-to-face workshops with online resources and activities, available to all College students from Week 1 of each semester.

You'll acquire early career development skills and improve your graduate outcomes. This includes career-ready skills like networking, collaboration and communication, to CV writing, how to answer tricky questions, interview techniques, volunteering, leadership opportunities and more. It will also get you thinking about the jobs you're likely to be qualified for with your chosen path and to ensure you've made the right program choice.

With CareerSmart, you can:

- practice interview techniques
- develop your CV and cover letter
- build your selection criteria writing skills, and
- get advice about your career options and study pathway.

After you join UTS College, you can register for the program through our learning resource platform, Canvas.

CareerSmart at UTS College

Student activities

Make new friends for life and thrive in a new social scene

University clubs with ActivateUTS

Enjoy photography, languages, sport, raising money for charity or helping the environment? ActivateUTS has something for everyone. There are hundreds of social clubs, events and sporting activities you can join with other students from across the university. What activities would you like to try?

- K-Pop and Hip Hop dance classes
- cheerleading workshops
- basketball
- badminton
- tennis
- soccer
- run groups
- cricket
- anime and film appreciation clubs
- chess clubs
- martial arts
- music groups
- trivia nights
- dinner clubs

To find out more, please visit
activateuts.com.au

There are plenty of opportunities to have fun, meet interesting people from all over the world and make new friends. UTS College students also have access to ActivateUTS, which offers a wide variety of clubs and activities for students to enjoy.

Volunteering

Giving back is rewarding. You can be a student volunteer and become part of the valuable team that helps new students settle in. Your efforts really do make a positive difference to students and help make their arrival smoother.

You'll make new friendships — and build connections — that last a lifetime. Volunteers participate in a great training program, and you'll gain experience that helps you in your professional life after university.

Student Representative Groups

We have designated Student Representative Groups for each of our programs. The groups meet with our Program Managers and teachers on a regular basis to discuss topics such as current policies, procedures and recommendations to improve the student experience. It's a great way for you to have a voice in your education.

Study expectations

Workload

On average, students take four subjects per semester. However, there are differences based on whether your program is accelerated, standard or extended. Your face-to-face teaching hours will also depend on whether your course has practical lessons and/or laboratory classes.

Study time

As a full-time student, you should spend about 48 hours a week on your studies. Expect to spend around 4 hours per day outside of class for completing assignments and reviewing material.

Learning experience

Our specialised curriculum focuses on collaboration and teamwork. That means you'll often work with a group to complete assessments. If you're not used to this style of learning, we're here to help you adjust so you can get the best preparation possible for your career.

Bring Your Own Device (BYOD)

As part of our technology-enhanced learning approach, you need to bring your own device (BYOD) to use in your classes. Please visit utscollege.edu.au/current-students and review the IT support page for further information.

Study management

Diploma and UTS Foundation Studies students will do pre- and post-class work to prepare for your classes, revise and retain what you've learned. This will build on your independent learning and help you develop deep knowledge.

All UTS College students will attend and participate in class, ask questions, and get involved in discussions to help you gather all the information you need for your assignments and independent activities. Stay organised and keep a calendar of your assessment due dates. Try to allow yourself at least two weeks to work on each one.

Most importantly, don't be afraid to seek help when you need it. We're here to help you with anything you may need.

Class schedule

Most classes are held from Monday to Friday between 8:30AM and 6:00PM. Certain science lab classes are held from Monday to Friday between 5:30PM and 8:30PM or Saturday 9:00AM to 12:00PM. These times are a guide only and may be subject to change.

There are classes that are compulsory to attend at fixed times. For other classes, you'll get to choose an available time that suits. You can find out more when you enrol and set up your class timetable. Check our Important Dates page for enrolment dates.

Scholarships and prizes

UTS College to UTS Pathway Scholarship

This scholarship has been designed to support high achieving international students who are currently studying a diploma at UTS College, and wish to continue at UTS.

Six scholarships are awarded each year to international students who have achieved high academic success and show motivation to succeed. The scholarship covers half of the cost of a students' tuition fees for the duration of a standard undergraduate program at UTS.

Outstanding Graduate Prize

The Outstanding Graduate Prize is awarded to the student who achieves the highest GPA overall at the end of their program.

For more information about our scholarships and prizes, please visit

utscollege.edu.au/scholarships

“Knowing how proud my parents are of my achievement is the greatest feeling! I've since invested my prize into a life long dream of mine – to become a Lab Scientist and work in medical research.”

Accommodation in Sydney

Accommodation

You can choose from a variety of accommodation options while you study at UTS College. Whether it's a family home, a unit by the beach or student housing in the UTS precinct, Sydney offers many options.

Student accommodation

A great range of student accommodation options is available within easy reach of UTS College. This is a popular choice for students who want to be part of a student community and experience city living. Student accommodation providers include (but are not limited to) Scape, Iglu, Link2 Student Living and UniLodge.

For more information, contact the Student Accommodation team at accommodation@utscollege.edu.au or visit utscollege.edu.au/accommodation

Exclusive Scape offer for UTS College students

UTS College, in partnership with Scape, offers high-quality and safe accommodation options, all conveniently located in the city, near our campus and at a reduced rate — for both over and under 18's. You'll benefit from a Sydney airport pickup, welcome pack and household items to help you settle in. Sharing accommodation with your fellow classmates helps to create a fun community away from campus.

For more information contact the Scape accommodation team at bookings@scape.com.au or visit the below pages to view the deals.

Under 18s:
utscollege.edu.au/accommodation-under-18

Over 18s:
utscollege.edu.au/accommodation-over-18

Homestay

If you are new to Australia you can apply to live with a Homestay family. Living with a local family is a great way for you to experience life in Australia and practise your spoken English. All Homestay families have been specially chosen to ensure that a safe and supportive home environment is provided. Each home is within 45–60 minutes travelling time from campus, in a variety of locations around Sydney. We offer transport from the airport for homestay students as well.

Other options

Renting and house sharing are also popular options. The UTS Housing Service provides a listing of available private properties, which includes share houses, apartments, studios and rooms if you want to live independently. The service is free of charge and accommodation agents can provide assistance before you arrive in Sydney.

Please note: If you are an international student under the age of 18 and your accommodation and welfare arrangements have not been approved by the Department of Home Affairs, you are required to live in accommodation approved by UTS College.

Find out more about accommodation options by visiting our website:
utscollege.edu.au/accommodation

Frequently asked questions

Applications and enrolment

Should I apply early?

Yes. The sooner you apply, the sooner you can receive your offer and secure your place. It will also ensure you have plenty of time to apply for your student visa.

What is the turnaround time for processing applications?

Complete applications are processed within 48 hours.

Can I still apply even if I don't have all my certified documents with me?

Yes. UTS College can still process your application if you do not have all the relevant documents you need. We will provide you with a provisional offer. Once we have received the required documents and confirmed that you have met both academic and English entry requirements, a full offer can be made.

How do I extend my Full-time English (FTE) enrolment?

You need to go to the UTS College Student Centre and submit a new application. A staff member will arrange the re-enrolment and issue a new Confirmation of Enrolment (CoE) when we have received your payment.

What is the International Student Processing Fee (ISPF)?

You must pay a processing fee of A\$250 when you accept your offer from UTS College.

How will you communicate with me?

After you accept your offer and pay the required fees, you will be given your own UTS email address and details of how to activate it. This is how we will communicate with you from that point onwards.

What are your program fees?

Please refer to our website for information on our program fees. utscollege.edu.au/program-fees

Applying for a student visa

Do I need to purchase health insurance if I apply for a student visa?

Yes. Visa requirements state that international students need to purchase an approved Overseas Student Health Cover (OSHC) policy, before arriving in Australia. This will cover you for your entire visa. UTS College can assist in arranging this. Refer to our international student application form.

What happens if there is a gap between programs?

If you would like to apply for a package visa you should plan to avoid any lengthy gaps between programs. Your agent can assist with this, or you can contact the UTS College Student Admissions office for help with an appropriate study plan. Please email:

admissions@utscollege.edu.au

Student accommodation

What are my accommodation options in Sydney?

We can help you to find accommodation with the following providers:

- Homestay; a popular choice for international students.
- Student Accommodation; providers include Scape, Unilodge and Iglu.
- Off-campus accommodation; UTS Housing Service provides a private listing of properties such as share houses, studios and rooms.

How long does it take to organise Homestay accommodation?

UTS College requires at least 28 days' notice to arrange a Homestay and airport welcome service. For more information contact our Student Accommodation Coordinator: +61 2 9218 8614 or accommodation@utscollege.edu.au or visit our website: utscollege.edu.au/accommodation

Studying at UTS College

What are the rules about attendance?

Maintaining satisfactory attendance is a condition of your student visa and a requirement of UTS College. On both accounts, the requirement is to attend at least 80 per cent of classes.

Where can I find information on program timetables?

Information on lecture and tutorial times is posted on eStudent. Details about how to access eStudent will be provided during Welcome Week.

How many people will be in class with me?

Class sizes at UTS College are small, with no more than 20 students per academic class and an average of 16 students per English class. This means you benefit from maximum face-to-face time with your tutor or lecturer.

How many hours of study per week are required?

Diploma: around 12 hours per subject, per week.

Cambridge International AS and A Levels (coming in 2026): around 12 hours per subject, per week.
Additional: 10 hours Academic English and 2 - 4 hours Duke of Edinburgh International Award per week.

UTS Foundation Studies: around 13 hours per subject, per week.

Can I work while studying?

Yes. A focus on your studies is essential but we recognise that some students may want to work part-time. Working arrangements need to fit around your study commitments. Some visas have work restrictions.

A student visa allows you to work part-time (maximum 48 hours per fortnight) while studying.

Part-time work must not interfere with your studies or timetable. You must be available to attend classes from 9am-8pm, Monday to Friday. You may also be required to attend classes on a Saturday.

During study breaks, you may work full time.

How can I change from one program to another?

If you want to change your program, you will need to go to the UTS College Student Centre and talk to a staff member. Transferring to another program will depend on availability, your academic progress and your academic/English qualifications.

Welcome Week : Your orientation week

When is Welcome Week?

Welcome Week is held before your classes commence. Information regarding this will be sent via email.

Is attendance at Welcome Week compulsory?

Yes. All sessions are compulsory.

These sessions will support your transition into life at UTS College and Sydney.

Articulation to UTS

How does articulation to UTS work?

During the final semester of your diploma, graduate certificate or UTS Foundation Studies program, a transfer session will take place that you must attend. UTS faculty representatives will offer advice and information about the various degrees and majors available, and articulation from UTS College. Study Success Advisers will provide more details about the transfer session.

If I fail some subjects, can I still articulate to UTS?

If you fail any subjects you will need to repeat them. If you are an international student and complete a UTS College diploma with no more than two subject failures, you are guaranteed articulation to the relevant UTS undergraduate degree.

If you fail more than two subjects, the guarantee does not apply and UTS will assess whether you are able to articulate into a degree. If you complete the UTS Foundation Studies program you need to achieve a specific Grade Point Average (GPA) in order to have guaranteed articulation to UTS.

Student support

Does UTS College have extra learning support?

Yes. Study Skills Workshops are available during Welcome Week, and throughout the year, to help you get a head start with your studies. Please speak to your Study Success Adviser for further information.

Student scholarships

Does UTS College offer scholarships?

Yes. A list of the UTS College scholarships can be found at utscollege.edu.au/scholarships

How to apply and accept your offer

Applying to UTS College and accepting an offer is easy. It can be completed in 3 simple steps.

1. Apply

Students must apply through an authorised UTS College agent. Please visit utscollege.edu.au/find-an-agent to find an authorised agent in your country. Certified copies of English qualifications and academic transcripts (translated into English) must accompany your completed application form. Please visit utscollege.edu.au/how-to-apply for further information.

In exceptional circumstances, where there are no conveniently located authorised UTS College agents, applications, including a completed and signed international student application form, and supporting documentation can be emailed to admissions@utscollege.edu.au

Please visit utscollege.edu.au/au/about/publications to download an application form.

2. Receive offer

Successful applicants will receive an offer letter with program details and required fees.

3. Accept and pay

To accept your offer you must pay your fees and submit your signed and dated Acceptance Form. You are required to pay in Australian dollars via Flywire (our preferred method of payment). We recommend that you pay your fees early to secure your place in the program, and to allow sufficient time for visa processing.

Please visit utscollege.edu.au/fee-payment-options

Applying for your visa

When we receive your fee payment and Acceptance Form, UTS College will issue you with a Confirmation of Enrolment (CoE), which is required to obtain a student visa.

If you opt for a package visa to cover the duration of your UTS College program(s) and your UTS degree, you

will also require a CoE for your UTS degree and you will be charged an administration fee of A\$110. This fee will be included in your UTS College offer letter and should be paid when accepting your offer. This will not be refunded if you are not accepted for your UTS degree. You are now ready to apply for your student visa.

UTS College package offers

If you are undertaking an Academic English program, you may apply for a UTS College study package with one of the following:

- UTS Foundation Studies
- UTS College diploma
- UTS undergraduate program, or
- UTS postgraduate program.

Any one of these study packages will deem you eligible for a five per cent discount on your Academic English program fees. Please note, if you are undertaking an Academic English program at UTS College before pursuing a program at UTS, you will need to apply for the UTS program first at the UTS International Office.

If you are undertaking UTS Foundation Studies and a UTS College diploma as a study package, you will be eligible for a five per cent discount on your diploma program fees.
