Welcome to UTS College

"As the pathway to UTS, we help you to develop the knowledge, experience and skills to succeed at university and beyond. We work in collaboration with UTS to ensure your studies prepare you for your next step at university. You can start on your journey today – we will be there with you, helping you to succeed and thrive."

Alex Murphy
Managing Director
UTS College

"UTS has an ambitious vision to be a leading public university of technology recognised for our global impact. We are measured by the success of our students, staff and partners and we have an unwavering commitment to research, innovation and the dissemination of knowledge of public value. Through our education, research and engagement with industry, we're committed to transforming to a lifetime of learning where we support people throughout their whole career and lives, ensuring we do more than simply prepare people to successfully enter the workforce. We look forward to welcoming you to UTS College and UTS."

Professor Andrew Parfitt
Vice-Chancellor and President
University of Technology Sydney

We have changed our name from UTS Insearch to UTS College to more accurately reflect what we do, offering pathways to UTS. Our corporate entity will remain Insearch Limited so while we transition our name to UTS College throughout 2021, both names may appear.

See website utscollege.edu.au/about/faqs for further information.

About the University of Technology Sydney

The University of Technology Sydney (UTS) offers international, innovative and industry-relevant education in the heart of the global city of Sydney.

Why choose UTS?

UTS takes a global approach to education that has innovation at its core. UTS is a university for the real world. All programs are closely aligned with industry needs, so what you learn with us will prepare you for your future career.

Campus of the future

UTS has invested \$1.3 billion in creating a dynamic and interconnected campus of the future, with award-winning buildings, state-of-the-art facilities and sustainable design. We have tech-driven, purpose-built spaces that'll inspire you to collaborate and learn. UTS is close to Sydney's CBD in walking distance to Central Station, and just a few steps away from places to shop, eat and socialise.

Practice-oriented education

UTS is committed to hands-on practical learning. Projects, collaborative work and real-life case studies are key to this practice-based approach, giving you the skills you need to impress future employers. UTS academics are experts in their professional fields. They will enhance your learning experience with access to the most current industry practices and networks.

Our students come first

UTS provides support services including:

- English language support
- Study support
- Career development
- Confidential medical and counselling services
- Sports organisations and facilities
- Peer networking and peer support opportunities
- Housing support

Connections that count

Many of UTS's faculties are led by industry advisory boards. Program content offer extensive practical components that give you the chance to apply your theoretical learning in a real-world context. Many programs are also accredited by professional associations, so when you graduate, your degree will be recognised across your chosen sector.

Impact-driven research

UTS is a future-focused research university with an emphasis on technology, creativity and social disruption. We believe universities should work for the greater good by driving social change beyond campus, locally and globally, through research and practice. The university has also built partnerships with some of the world's most innovative and successful companies that share our passion for creativity and technology — partnerships that will play a key role in shaping your future.

More than just a job

The UTS Careers Service offers free career consultations, resume reviews and employment workshops – all designed to enhance your employment prospects. You can also access student job boards, industry career fairs, international alumni networks, or participate in one of the many volunteering opportunities at UTS.

The future-focused UTS Campus

Discover our campus that is connecting students, industry and the community.

Why choose UTS College?

Whether you're looking for a guaranteed* place in a UTS degree or need to build your academic skills to be ready for university – we can help you realise your full potential and give you the confidence to succeed at UTS.

Guaranteed entry to UTS

When you successfully complete your studies at UTS College, you'll receive guaranteed* entry to the corresponding UTS undergraduate degree. Most of our diplomas will take you straight into the second year of your UTS degree. Choose from diplomas in Business, Communication, Design & Architecture, Engineering, Information Technology or Science.

Big in support. Small in size

We want you to thrive while studying with us. That's why we've designed a robust framework of support services tailored specifically to meet our students' needs.

Our support services include our Learning Support Program, one-on-one tutorials, study skills workshops, full-time dedicated Study Success Advisers and peer-to-peer mentors.

We offer a blended learning model which is a mix of face-to-face classes on campus and real-time lectures delivered via [Live Online](#). By keeping our classes small in size and offering ongoing support both in-person and online, we can provide a more personalised and effective learning experience.

Around-the-clock support

As a UTS College student you'll be able to get free 24/7 study help anytime, anywhere with Studiosity. This provides:

- **Writing feedback from study specialists** – you can submit your writing tasks like essays or assignments and get feedback within 24 hours.
- **Live Connect** – a live chat support line you can use to ask a tutor any questions you may have about the subjects you study while at UTS College.

A better way to learn

Our blended teaching model focuses on life-long learning skills in the form of small classes, formative assessments, more face-to-face hours and an emphasis on collaboration in and outside of the classroom. This prepares you to evolve and adapt to challenges and opportunities not just for today, but in the future.

Part of UTS

Our diploma programs are designed in collaboration with UTS. This means the educational outcomes are the same as first-year students studying a UTS undergraduate degree.

All academic students have access to world-class facilities at UTS, including the library, 24-hour computer labs and over one hundred clubs and associations.

**Find out about
our programs:**

Scan or click on QR code

Latest technology and facilities

You'll have access to high-tech teaching facilities, purpose built computer labs, as well as a welcoming Student Centre, free high-speed campus WiFi, contemporary student lounges and kitchens.

Our curriculum is underpinned by a range of innovative technologies and practices, including a contemporary Learning Management System (LMS) called Canvas.

You'll be required to Bring Your Own Device (BYOD) to classes as part of our technology and student-centred learning approach. This includes up-to-date laptops and tablets with WiFi connectivity so you can access online resources to support learning, student collaboration and communication.

A global network

Establish networks and friendships with students from Australia and across the globe. We welcome students from 75 different countries every year. One in five students at UTS College is Australian, so our campus is a culturally diverse environment.

A recognised tertiary qualification

On successful course completion, not only will you be ready to transition to a UTS degree, you'll receive an internationally-recognised higher education diploma in your chosen field of study.

Take a tour ▶

An aerial photograph of the Sydney city skyline, showing a dense cluster of skyscrapers and buildings. The Sydney Tower Eye is prominent in the upper left. In the foreground, a large blue circle is superimposed over the image, containing white text. The background shows the city extending to the water, with a bridge and a large ship visible in the distance.

Convenient, inspiring, fun

You'll love being close to everything you need. Not only will you be studying in the UTS precinct in the centre of Sydney, you'll be near major transport hubs too. From convenient public transport to cafes, shops, galleries, theatres and nightlife, you'll find everything you need for your study and leisure.

Studying on a campus that has industry and innovation on its doorstep is a great advantage. Being in Sydney's creative precinct means you are surrounded by entrepreneurs and start-ups bursting with energy, new opportunities and inspired ways of thinking.

Come and enjoy the adventure.

Introduction to our programs

Message from our Dean of Studies

"The transition from high school to university is a major step in your life. We focus on making that transition an empowering experience for you. Our educational programs not only build your capabilities, but help to develop your confidence and equip you with the skills to really achieve your goals at university."

Tim Laurence
Dean of Studies

Diplomas

We offer diplomas across six exciting disciplines, all designed in consultation with the corresponding UTS faculties. Whether your study interest is Business, Communication, Design & Architecture, Engineering, IT or Science – our diplomas are the perfect preparation program for a UTS undergraduate degree.

At UTS College, you can choose to complete your diploma over 8 months with our Accelerated program, 12 months with our Standard program or with our Extended program over 16 months.

The benefits of each are:

Accelerated (8 months)

- This is the fastest way to get into a UTS degree. However, the intense workload means that it will not be suitable for everyone.
- You will study the same content as first-year UTS degree students.

Standard (12 months)

- You will study the same content as the Accelerated program but the work will be spaced out over 12 months.
- It allows you more time to perfect your academic studies while adjusting to higher education expectations.

Extended (16 months)

- The workload has been set at the right pace for you. You will have enough time to study hard and do well in your subjects.
- You will study the same content as first-year UTS students, but in the first semester, you will also undertake Academic Communication and a range of subjects designed to prepare you to succeed as you progress through your studies.

**HSC Subject average is based on English plus the best 6 units of board developed courses (3 subjects).

*The point where you enter the UTS degree will depend on your chosen major. Not all majors will take you into second year. Credit points apply to other majors.

[#]Based on successful completion of your diploma with the required Grade Point Average (GPA) for the program you choose at UTS. Please refer to our website for more information.

Diploma of Business

Upon completion of a business diploma, you will be able to demonstrate a good understanding of everyday business functions such as accounting, finance, marketing and management that are practised across global organisations.

UTS is a global

Diploma of Communication

Message from the Communication Program Manager

“Do you dream of being an award winning journalist, film critic or advertising executive? From Journalism to Public Relations and Digital Media, your pathway to a sought after UTS communication degree begins here.”

Dr Janet Gibson

Program Manager, Communication

BA (Syd), Cert TESOL (UNSWIL),
Grad Dip Communication (UTS), MEd (UTS),
MA App Ling (UTS), MA Film and
Theatre (UNSW), PhD (Macquarie)

As a successful Diploma of Communication student majoring in either Public Relations or Digital and Social Media, you will gain direct entry into the second year of the UTS Bachelor of Communication with **48 credit points** awarded towards your UTS degree.

If you wish to study one of the other majors offered in the UTS Bachelor of Communication, the 48 credit points can apply to the duration of the degree, allowing for a reduced workload. Journalism and Media, Arts and Production (MAP) majors can take up to three years to complete due to their program structures. Entry to all majors at UTS depends on completion of the diploma with no more than two subject failures.

Communication pathway into UTS

*The point where you enter the UTS degree will depend on your chosen major. Not all majors will take you into second year. It is also subject to completion of a diploma with the required Grade Point Average (GPA) for the program you choose at UTS. Please refer to our website for more information.

**HSC Subject average is based on English plus the best 6 units of board developed courses (3 subjects).

Program Benefits

- 48 credit points guaranteed*
- UTS subjects adapted to support UTS College students
- Industry guest speakers
- Real-world assessments
- Access to the latest technology-enabled learning

You will receive 48 credit points towards the UTS Bachelor of Communication in the following majors[†]:

- Strategic Communication
- Digital and Social Media
- Journalism
- Media Arts and Production
- Social and Political Sciences
- Writing and Publishing

A double degree combining one of the above majors** with:

- International Studies
- Law

Program Manager, Engineering and IT
BCom (IS) (UoW), MICT (UoW)

As a Diploma of Information Technology student you will gain direct entry into the second year of the UTS Bachelor of Science in Information Technology or the Bachelor of Business, Bachelor of Science in Information Technology (combined degree) provided you successfully complete the diploma with the required Grade Point Average (GPA). You will also be awarded **48 credit points** towards your UTS degree.

Information Technology pathway into UTS

*Based on successful completion of your diploma with the required Grade Point Average (GPA) for the program you choose at UTS.

**HSC Subject average is based on English plus the best 6 units of board developed courses (3 subjects).

Program Benefits

- 48 credits points guaranteed*
- Technology-enabled learning
- Gain practical experience while you study
- Continuous updates to keep pace with technologies and industry trends

You will receive 48 credit points towards one of the following UTS bachelor degrees†:

- Business, Science in Information Technology (combined degree)**
- Science in Information Technology
- Games Development
- Science in Information Technology and Diploma in IT Professional Practice
- Computing Science (Honours)

Information Technology subjects

	Semester 1	Semester 2	Semester 3	Semester 4
Accelerated Diploma CRICOS CODE: 070299G Total subjects: 8	<ul style="list-style-type: none"> • Introduction to Technical Communication • Introduction to Information Systems • Programming Fundamentals • Web Systems 	<ul style="list-style-type: none"> • Applications Programmingⁱⁱⁱ • Business Requirements Modelling^{iv} • Networking Fundamentals • Database Fundamentalsⁱ

Diploma of Science

The Diploma of Science is designed to empower you to apply scientific thinking and analysis to important issues impacting the world today.

Your work as a scientist has the potential to change the future and help solve some of the challenges humanity faces.

UTS is a global
TOP 150
university for
Environmental Sciencesⁱ

Current UTS Science student
Future Crime Scene Investigator

Diploma of Science

Message from the Science Program Manager

“Do you have a curious mind? Are you drawn to solving problems and asking deeper questions? Science opens the door to a world of possibilities, from biomedical science to chemistry or forensic analysis. The Diploma of Science provides the knowledge and skills required to unlock the next level of learning – a UTS Science degree, followed by a multitude of career options.”

Justin Chu

Program Manager, Science

BSc (1st Class Hons), MPhil, MEd, PGDEo

Once you complete your Diploma of Science, you will be guaranteed entry into most Bachelor of Science and other specialised degrees, including Biomedical Science, Medical Science and Forensic Science. For most articulations^{*} you will receive between **24 and 48 credit points** towards your UTS degree.

Science pathway into UTS

^{*}Based on successful completion of your diploma for the program you choose at UTS. The point where you enter into your UTS Bachelor of Science will depend on your major.

^{**}HSC Subject average is based on English plus the best 6 units of board developed courses (3 subjects).

[^]Depending on the course you choose. Refer to [articulation requirements](#) and talk to our [Admissions Team](#) for more details.

Program Benefits

- Up to 48 credit points guaranteed*
- Choice of two streams — Life Sciences or Physical Sciences
- Open the door to a wide range of specialist undergraduate science degrees
- Focus on scientific theories applicable to the real world
- Engage with hands-on practices that prepare you for a successful STEM career

You will receive 48 credit points towards the UTS Bachelor of Science in the following majors*:

- Applied physics
- Biomedical Science
- Biotechnology
- Chemistry
- Environmental Sciences
- Medical Science
- Nanotechnology

You will receive 48 credit points towards the following UTS bachelor degrees*:

- Advanced Science
- Biotechnology
- Environmental Biology
- Forensic Science
- Marine Biology
- Medical Science
- Science

You will receive 24 credit points towards the UTS Bachelor of Science in the following majors:

- Mathematics
- Statistics

***Domestic students are expected to be a minimum of 17 years of age when commencing UTS College diplomas. Younger students may be offered a place in the diploma at the discretion of UTS College, providing they have met admission requirements prior to program commencement

Articulation requirements from UTS College diploma to UTS undergraduate degree

Domestic students who satisfactorily complete a UTS College diploma are eligible for a Commonwealth Supported Place (CSP) and an offer from UTS if they meet the articulation requirements. If domestic students do not meet the GPAs below they may have the opportunity to compete with other non-current school leavers for the offer of a Commonwealth Supported Place (CSP) at UTS. Please note that the target GPA is based on the year that a student commences their UTS College diploma. The GPA requirements are for students commencing their UTS College diploma in 2021.

Select a program below to view the requirements on our [website](#).

Study expectations

Workload

On average, students take four subjects per semester with a maximum of 24 face-to-face teaching hours per week. However, there are differences based on whether your program is accelerated, standard or extended.

Study time

As a full-time student, you should spend about 48 hours a week on your studies, made up of equal face-to-face or online class time and self-study. Expect to spend around two hours each night for completing assignments and reviewing material.

Learning experience

Our specialised curriculum focuses on collaboration and teamwork. That means you'll often work with a group to complete assessments. If you're not used to this style of learning, we're here to help you adjust so you can get the best preparation possible for your career.

Bring Your Own Device (BYOD)

As part of our technology-enhanced learning approach, you need to bring your own device (BYOD) to use in your classes. Please visit utscollege.edu.au/current-students and review the IT support page for further information.

Study management

Attend and participate in classes, ask questions, and get involved in discussions to help you gather all the information you need for your assignments. Stay organised and keep a calendar of your assessment due dates. Try to allow yourself at least two weeks to work on each one.

Most importantly, don't be afraid to seek help when you need it. We're here to help you with anything you may need.

Class schedule

Classes are scheduled from Monday to Saturday between 9am and 8pm. This will be a mix of face-to-face classes and Live Online lectures. You'll also have time in your schedule to make new friends and explore all that UTS College and Sydney have to offer.

Our knowledgeable enrolment officers will help you to enrol and register your classes. You can also contact the Student Centre for assistance.

Student support services and facilities

Learning support

Study success sessions

During Welcome Week, you will attend study success workshops. In these workshops, you learn how to manage your time and get the most out of your lectures and tutorials.

Higher Education Language and Presentation Support (HELPS) Centre

With free weekly one-on-one learning support sessions for Academic English students, you'll feel better prepared for your assessments and exams. The HELPS Centre also runs activities such as:

- Speaking groups
- Short film discussion groups
- Learning assistance sessions
- Teaching support

One-on-one learning tutors

We offer free weekly one-on-one learning support sessions in both Academic Writing and Mathematics, which will help to prepare you for assessments and exams.

Subject Coordinator consultation

If you have problems with a specific subject, our Subject Coordinators can assist you during weekly drop-in sessions, or online.

24/7 online study help with Studiosity

Free online study help is available to all UTS College students anytime, anywhere via [Studiosity](#). You can get constructive feedback on your written assignments or chat to a study specialist if you have a question about one of your subjects. This support service is great for after-hours study as well.

Message from the Study Success Adviser Team Leader

"Starting the journey of your university education at UTS College marks a new chapter in your life. It is exciting, empowering and at the same time challenging. All of these experiences will equip and enhance your life after university.

Study Success Advisers are your helping hands during this journey. We can assist you by providing advice, support and referral services to help you stay on track and progress in your studies."

Zoe Wang

Study Success Adviser Team Leader

BA Information and Library Science (Wuhan University),
Grad Dip Information Technology (Swinburne),
Grad Dip Secondary Teaching (Monash) M Ed (Sheffield University)

Study skills workshops

During the semester we offer free weekly academic study skills workshops, which will help you to manage your study load, understand how to write your assessments and prepare for your exams.

Peer support in the classroom

Selected peer helpers work closely with the classroom teacher to provide you with additional support. Peer helpers may assist with group activities and help you to understand what is required to pass assignments.

Ongoing academic support

Dedicated Study Success Advisers

Study Success Advisers can offer you support and advice on your studies, so you know what you need to do to meet your program requirements and stay on track. If you have any difficulties that may affect your studies, ask your Study Success Adviser for help.

Welfare and Accommodation support

Accommodation

If you're looking for support and advice on accommodation, our Accommodation team is available to help you.

Counselling services

If you ever need to talk to someone about academic progress, study, finance or personal problems, UTS offers confidential counselling. A counsellor is also on campus each week, which means you can have private conversations if you need some help.

Other services

Security

Your safety and security is our priority. We provide security in all our buildings to offer immediate help if you ever need it.

Prayer rooms

You can worship in privacy on campus at our dedicated multi-faith prayer rooms.

Health services

You can access health and medical assistance at the UTS Health Service.

Student Centre

If you need help with general enquiries, you can visit the Student Centre. They can assist you with confirmation of enrolment, public transport information, certificates and transcripts, updating your contact details, paying your fees, accommodation assistance and visa enquiries.

Facilities

Experience the latest technology

You'll have access to up-to-date student computer labs and high-speed wireless internet throughout the campus.

You can enjoy studying in modern buildings that house cutting-edge facilities, labs and working spaces designed for collaboration and effective learning.

Access a world-class library

As an academic student, you can use the UTS library, which has thousands of online and physical resources just waiting for you.

Learning.Connected

Reach your potential at UTS and beyond with Learning.Connected. Our highly supportive, interactive and personalised learning experience puts you at the centre.

How is Learning.Connected different?

- Uses the latest education technology, enabling you to stay connected to our digital campus wherever you're located, but it isn't online learning.
- Teaches collaboration, communication, independent learning and critical thinking skills - and help is always at hand.
- You're actively guided by your teachers every step of the way - in or out of class, in workshops, during consultations, via feedback on your independent learning tasks and more.
- Enhances our teacher presence, both on and offline. We know students like to study and need support at all hours of the day or night, that's why we also offer 24/7 online support for writing, numeracy and study skills.
- Uses the latest online tools and technology to enhance the way we teach and create confident and future-ready learners.

LEARNING
CONNECTED

Find out more about how Learning.Connected is different and what our students say.

Live Online at UTS College

Your digital, connected campus of
the future

Enjoy the best of both worlds

UTS College has developed a blended learning model which gives you the best of both worlds. You will participate in face-to-face classes on-campus, and attend lectures via Live Online. Think of Live Online as much more than online learning: it's your digital, connected campus - all delivered in real-time. You'll also participate in small interactive groups, just like your face-to-face classes - so you get the personalised study experience whether you're on-campus or studying from home.

'Real-time' classes

Unlike online learning which is usually self-directed at your own pace, the interactive Live Online classes at UTS College are taught in real-time with monitoring and feedback to students on performance. To ensure personal attention, tutorial sizes at UTS College are limited to small groups of no more than 20 students. Live Online classes may also be recorded, so they're available for review later if you want to revisit some ideas and topics.

See Live Online
in action here

"The Live Online learning we have at UTS College is one of the best. You are guided through your classes; you can see and interact with your teachers and classmates. There are breakout rooms for group project collaboration."

Maria

Diploma of Engineering student

"The lectures are quick and easy to understand. I find it easier to watch a video without getting distracted from my peers. I am more focused while studying remotely."

Jo

Diploma of Communication student

"Live Online is very convenient. It's the future approach to learning."

Margarita

Diploma of Business student

State-of-the-art education technology and IT support

The quality of content in our Live Online programs is underpinned by world-leading Learning Management System (LMS) and collaboration tools, with expert tech support from our large, friendly IT team. Students will use:

Canvas

This is the fastest-growing, specialised LMS, used by universities and colleges all over the world. Its simple, intuitive interface integrates with a wide variety of educational resources, learning apps and mobile devices making it the perfect tool for busy students. With Canvas collaboration is easy and it helps you to stay organised. If you need help with Canvas, simply contact your Subject Coordinator, teacher, or refer to the Canvas Student Guide.

Zoom and RingCentral

These user-friendly video conferencing and communication tools enable you to engage easily with other students and your teachers.

Comprehensive technical support

Our friendly and professional IT team is responsive and student focused.

Step-by-step guides

To help students get set up for Live Online, we've put together step-by-step instruction guides, as well as Live Online Guide. We also provide online learning support workshops and online one-on-one learning support for all of our students.

Take a look

at how one of our students uses Canvas to access study resources, chat with study specialists and more

"The teachers at UTS College are really supportive and enthusiastic, ensuring that all students are learning to their full potential even with the challenges that COVID-19 presents."

Zwe

Diploma of IT student

"I had a wonderful experience receiving support from a Study Success Adviser. Being a shy person, I'm nervous speaking English. They provided coaching tips to build my confidence for presentations. I received a great grade."

Yesol

Diploma of Engineering student

Start your future now

We're here with all the support and resources you need to kick-start your university dreams with Live Online.

utscollege.edu.au/live-online

24/7 study help - anytime, anywhere

Powered by **Studiosity**

24 hours, 7 days a week study support for all UTS College students at no additional cost, from our Writing Feedback service to live, interactive study support through ConnectLive.

**Watch
video here**

Writing Feedback

This service provides feedback for essays and written assignments. The Writing Feedback service benefits students at all levels - whether you're fluent in English or a beginner.

You will get feedback from a study specialist who can help you with grammar, punctuation, sentence structure and phrasing. Upload your draft essay or assignment and you'll get comprehensive and constructive feedback within 24 hours.

ConnectLive

ConnectLive provides one-to-one, personal help with your studies in real-time. You can post your study question via your student account, then connect to a specialist.

When connected, you'll enter an online and interactive 'classroom' where you can chat with the specialist and work through your question together.

Support outside the classroom

Think of Studiosity as having your own tutor, only instead of one tutor, as a UTS College student you'll have access to hundreds of specialists 24 hours, 7 days a week.

Learn more

**"When I use Studiosity
I get better marks and
that makes me more
confident as a student."**

Student activities

Make new friends for life and thrive in a new social scene

Activities Club

You'll love our free Activities Club and will find it a fun way to make new friends. Get involved in exciting activities, such as movie nights, barbecues, sports competitions, music, excursions and more.

When you join the Activities Club, you become part of a community that improves the wellbeing of students. Together, we encourage learning, celebrate success and connect you with like-minded people to create new friendships and build a thriving community. It will be a highlight of your learning journey!

There are lots of online activities and clubs as well. These are just some of the clubs available:

- arts and crafts
- music
- cooking
- yoga
- gaming
- arts and architecture
- gardening
- drama

To find out more, please visit utscollege.edu.au/clubs-and-activities

University clubs with ActivateUTS

Enjoy photography, languages, sport, raising money for charity or helping the environment? ActivateUTS has something for everyone. There are hundreds of social clubs, events and sporting activities you can join with other students from across the university. What activities would you like to try?

There are:

- K-Pop and Hip Hop dance classes
- cheerleading workshops
- basketball
- badminton
- tennis
- soccer
- run groups
- cricket
- anime and film appreciation clubs
- chess clubs
- martial arts
- music groups
- trivia nights
- dinner clubs

To find out more, please visit activateuts.com.au

Volunteering

Giving back is rewarding. You can be a student volunteer and become part of the valuable team that helps new students settle in. Your efforts really do make a positive difference to students and help to make their arrival smoother. You'll make new friendships — and build connections — that last a lifetime. Volunteers participate in a great training program, and you gain experience that helps you in your professional life after university.

Student Advisory Groups

We have designated Student Advisory Groups for each of our programs. The groups meet with our Program Managers and teachers on a regular basis to discuss topics such as current policies, procedures and recommendations to improve the student experience. It's a great way for you to have a voice in your education.

Scholarships and prizes

Rewarding and celebrating our students' academic excellence is very important to us. Each semester, we award prizes to our highest achieving students and offer a number of scholarships to current and future UTS College and UTS students.

Scholarships on offer

Jumbunna Institute for Indigenous Education and Research Scholarship

If you are an Aboriginal or Torres Strait Islander student and have applied to study at UTS through the Jumbunna Institute, you can apply for the UTS College Jumbunna Scholarship program. Recipients can choose to study one of our six diplomas over a period of either 8, 12 or 16 months. Recipients are awarded a full scholarship to study at UTS College. Other financial support is available for eligible recipients.

Please visit jumbunna.uts.edu.au for more information.

UTS undergraduate and postgraduate scholarships

Each year, UTS awards more than 1,000 undergraduate and postgraduate scholarships to current students. Each scholarship differs in length of study, application process and value. These scholarships are available to all students.

Please visit uts.edu.au/future-students/scholarships for more information.

Prizes

Each year, UTS College offers more than \$210,000 in prizes for students who achieve outstanding academic results.

Dean's Merit and Outstanding Graduate Prizes

Each semester, the Dean's Merit Prize is awarded to a full-time student who achieves the highest Grade Point Average (GPA) in their first semester in each of the diploma programs.

The Outstanding Graduate Prize is awarded to a full-time student who achieves the highest GPA at the end of their program.

If more than one student achieves the highest GPA, the prize is shared.

Please visit our [website](#) for more information.

For more information about our scholarships and prizes, please visit

utscollege.edu.au/scholarships

“As someone who didn’t achieve a great ATAR and struggled with finding the right program and pathway, being a prize winner is a proud moment in my life. I have my teachers to thank for inspiring me to work hard at my studies. I never thought it was possible to receive such a prize, but now I feel like I can do anything.”

Neda

Diploma of Science student and
Dean’s Merit Prize Winner

Neda’s journey

Frequently asked questions

Applications and enrolment

Should I apply early?

Yes. You should apply early so that when you receive an offer you can accept it (by paying the required fees or applying for FEE-HELP) and secure your place in the program you want.

What is the turnaround time for processing applications?

Complete applications are processed within 48 hours.

Can I still apply even if I don't have all my certified documents with me?

Yes. UTS College can still process your application if you do not have all the relevant documents you need. We will provide you with a provisional offer. Once we have received the required documents and confirmed that you have met all entry requirements, a full offer can be made.

How will you communicate with me?

After you accept your offer and pay the required fees, you will be given your own UTS email address and details of how to activate it. We will communicate with you via your UTS email account.

Studying at UTS College

What are the rules about attendance?

Maintaining satisfactory attendance is a requirement of UTS College. The requirement is to attend at least 80% of classes.

Where can I find information on program timetables?

Information on lecture and tutorial times is posted on eStudent. Details about how to access eStudent will be provided during Welcome Week.

How many people will be in class with me?

Class sizes at UTS College are small, with no more than 20 students per academic class. This means you benefit from maximum face-to-face time with your tutor or lecturer.

How many hours of study per week are required?

This depends on your program and program mode (Accelerated, Standard and Extended).

Can I work while studying?

Yes. A focus on your studies is essential but we recognise that some students may want to work part-time. Working arrangements need to fit around your study commitments.

Part-time work must not interfere with your studies or timetable. You must be available to attend classes from 9am-8pm, Monday to Friday. You may also be required to attend classes on a Saturday.

How can I change from one program to another?

If you want to change your program, you will need to go to the UTS College Student Centre and talk to a staff member. Transferring to another program will depend on availability, your academic progress and your academic qualifications.

Welcome Week

When is it held?

Welcome Week is held before your classes commence. Information regarding this appears in your Welcome Week letter, which will be sent to you via email once you have accepted your offer.

Is attendance at Welcome Week compulsory?

Yes, and it's compulsory to attend all sessions as they will support your transition into life at UTS College.

Articulation to UTS

How does articulation to UTS work?

During the final semester of your diploma program a transfer session will take place that you must attend. UTS faculty representatives will offer advice and information about the various degrees and majors available, and articulation from UTS College. Study Success Advisers will provide more details about the transfer session. For more information please visit our [website](#).

If I fail some subjects, can I still articulate to UTS?

If you fail any subjects you will first need to repeat them. But yes it is still possible to articulate to UTS providing you achieve the required GPA in your diploma.

Student support

Does UTS College have extra learning support?

Yes. Study Skills Workshops are available during Welcome Week, and throughout the year, to help you get a head start with your studies. Please speak to a Study Success Adviser for further information.

Student scholarships

Does UTS College offer scholarships?

Yes. A list of UTS College scholarships can be found at utscollege.edu.au/scholarships

UTS Insearch name change

Does UTS Insearch have a new name?

Yes. Our name has changed from UTS Insearch to UTS College. Because the name change will take some time and not everything can be updated at once, you may see both UTS Insearch and UTS College names being used throughout 2021. This change will not affect your studies.

You can find out more by visiting the FAQ's page on our website utscollege.edu.au/about/faqs

UTS publishes its academic dates each year. You can check your progress in anticipation of articulating to your chosen degree. handbook.uts.edu.au/dates_academic.html

How to apply and accept your offer

Applying to UTS College and accepting an offer is easy.
It can be completed in 3 simple steps.

Step 1

Complete the online application form:

Online

student-utscollege.studylink.com

Or download the PDF application form online,
complete and send via one of the below channels:

By email

admissions@utscollege.edu.au

In person

UTS College Student Centre
Ground Floor, 187 Thomas Street
Sydney NSW 2000

By post

UTS College Student Admissions
PO Box K1085 Haymarket
NSW 1240 Australia

Step 2

Acknowledgement of your application

You will receive notification of the outcome of your application. Notification will include an offer (or provisional offer) for the programs and details of fees.

On payment, or after approval of your FEE-HELP loan application, you will receive further information from us.

Early application and either payment of fees or submission of a Request for a FEE-HELP loan non-university private higher education providers form online through UTS College's eStudent portal is desirable to secure a place in the programs.

Step 3

Accept your offer

To accept the offer and secure your place at UTS College you should:

- Submit certified copies of any outstanding documents if requested by UTS College.
- Accept your offer by forwarding the completed Acceptance Form or via the Student Application Portal – access will be available one hour after receiving your offer (instructions on how to access the Student Application Portal are contained in your offer letter).
- Make payment (upfront by one of the payment options listed in your offer letter and forward proof of payment to the above address; or if you would like to apply for FEE-HELP (eligibility rules apply), you need to complete a Request for a FEE-HELP loan non-university private higher education providers form online through UTS College's Student Application Portal portal. Instructions on how to access the Student Application Portal are contained in your offer letter.

FEE-HELP is an Australian Government initiative that allows Australian citizens, holders of an Australian permanent humanitarian visa and eligible New Zealand citizens to study now and pay later, through the taxation system. A loan fee of 25% applies for diploma programs. For more information on FEE-HELP please visit studyassist.gov.au Additional information regarding FEE-HELP is provided in your offer letter.

For further information regarding enrolment at UTS College, please contact the UTS College Student Centre, located next to the campus entrance.
