

## UTS – supporting UTS College pathway students

---

### Admissions

UTS College and UTS International work closely to provide a seamless admissions process for students seeking to apply for a Foundation, Diploma or Pre-Masters pathway package. A single point of contact is [admissions@insearch.edu.au](mailto:admissions@insearch.edu.au) for both the UTS College and UTS course package application documents.

Once enrolled at UTS College students have access to the following UTS services and facilities:

- UTS Library
- UTS Legal Service
- Health & Counselling Service
- UTS Fitness Centre

UTS recognises the support needs of the UTS College students seeking to transfer to UTS. To assist these students we offer the following support while the students are enrolled at UTS College:

- UTS College to UTS Transfer Sessions for Diploma and Foundation Students

These sessions provide academic and admission advice for graduating UTS College students. Students learn more about their study plan and the steps to enrol plus have the opportunity to speak with academic staff in their study area.

- UTS College to UTS Transfer Sessions for Academic English Students

These sessions provide admissions advice for graduating UTS College students.

---

### Scholarships

We also provide the following scholarship opportunities for high achieving graduates:

- UTS Foundation Studies Scholarship

Valued at 25% of the UTS tuition fees this scholarship is to award high achieving UTS Foundation graduates. The selection process is competitive and does require submission of a scholarship application. Further details: <https://www.uts.edu.au/scholarship/uts-foundation-studies-scholarship>

- UTS College to UTS Pathways Scholarship

Valued at 50% of the tuition fees this scholarship was designed to support articulating UTS College Diploma graduates. The selection process is competitive and does require submission of a scholarship application. Further details: <https://www.uts.edu.au/scholarship/uts-college-uts-pathways-scholarship>

### Study

In 2021 we continue to offer online study modes for students who are impacted by border restrictions while students in Australia can participate in a hybrid of study options as we reactivate the campus.

For Spring session 2021 we will continue to provide the following provisions for students who are commencing offshore and studying online for the duration of their first semester as a result of border restrictions:

- UTS will transfer the fee for any failed subject(s) to the next semester with no fail(s) recorded.
- Guarantee of a full refund or transfer of tuition fees paid if they choose to defer or withdraw prior to the [census date](#)
- Option to reduce study load if impacted by any remote learning difficulties. Students will need to lodge an application for reduced study load.

Updates available [here](#).
