

2018-2019

# Study Tours

with the University of Technology Sydney  
and UTS Insearch

# Welcome To Sydney

Expand your horizons in the heart of Sydney with a global education.

## One of the best student cities in the world<sup>#</sup>

You'll be located in the heart of Sydney, surrounded by some of the world's biggest, most successful and innovative companies, providing hundreds of graduate employment opportunities.

## A safe and friendly city

Sydney's reputation as a safe and friendly city is one of the reasons why 35,000 international students\* choose to make it their home-away-from-home. Enjoy the multicultural community and friendly buzz of this global city.

## Explore the natural wonders Sydney has to offer

There's so much to see and do when you're not studying, like visiting the beautiful beaches and exploring the nearby national parks. You can safely explore the city with its excellent public transport network.

# About our Study Tours

Our study tours give you the chance to experience the best of what UTS and UTS Insearch have to offer.

Immerse yourself in university life at UTS — Australia's number 1 young university.\* Gain English skills taught by UTS Insearch — Australia's top English language provider.

Our English language classes form the basis for many of our programs and can be combined with academic classes, professional development, industry experience, and social and cultural activities.

We offer customised study tours for:

## High school students

Experience Australian university life before deciding on studying abroad by touring the UTS and UTS Insearch campuses, attending sample classes and meeting the current students.

- Customise your own tour and experiences
- Tour our facilities and campus
- Learn about preparing for university life in Australia
- Attendance certificate awarded

## University students and professionals

International university students and professionals can experience Australian university life and join our internationally recognised General English or Academic English classes.

- Join existing English classes and make friends from all over the world
- Credit/study recognition available\*
- Experience Australian culture and life in Sydney
- Attendance certificate awarded

## English Language Teacher training

Learn from the CELTA experts and be awarded with a certificate on completion. This is an English language teacher training study tour that can be customised to suit your needs.

Take a course leading to the award of the Certificate of English Language Teaching to Adults (CELTA) – a qualification to teach English in Australia and overseas. We have delivered CELTA courses since 1992 and our trainers are highly experienced.

- Customise your own tour and experiences
- Classroom observations and local school excursions
- Completion certificate awarded

\*Credit recognition may be available through some universities.

Guided by academics and UTS Insearch staff, our study tours provide access to opportunities otherwise out of reach of the independent traveller.

### English teaching excellence

Learn English from the best! We are one of the top English language providers in Australia and our English teachers have an average of 15 years' experience.

### Make new friends

Meet and socialise with our current international and Australian students on your study tour and feel what it's like to be part of the university.

### Customised tours

Our study tours range from half day to several weeks and are customised to suit your needs. Choose from a range of English and academic classes, cultural experiences and faculty tours.

### Practical workshops

Our popular workshops let you experience hands-on sample classes taught by university academics. Our workshops are fun and engaging and the most talked about events on our tours.

### Centrally located

You'll be located in the heart of Sydney and close to city tours, tourist sites and convenient transport links.

# Choose your Study Tour

University students, high school students and professionals

### Duration:

This program is integrated into the existing English language classes and must coincide with the term dates (see page 16).

### Includes:

- English language courses available:
  - General English — learn the basics for greetings, food, places, health and transport
  - Academic English — develops confidence and prepares students for academic study

# Customise your Study Tour

Choose from a range of academic and cultural experiences.

## Academic sample classes

Experience what it's like to study at Australia's number 1 young university and attend one of the popular sample classes in your chosen field:

- Business
- Design, Architecture and Building
- Communication
- Engineering
- IT
- Science.

## Cultural and sightseeing experiences

A range of field trips are available so you can experience the Australian lifestyle and culture. The options are endless, but some of our most popular tours include:

- Darling Harbour
- Sydney Harbour Bridge and Luna Park
- An afternoon at Sydney's iconic Bondi Beach
- The historic Queen Victoria Building and Pitt Street Mall
- The Sydney Opera House and The Rocks
- An Australian high school and interacting with students

## Campus tours

These campus tours offer valuable experiences for high school students considering studying in Australia incorporating a range of tours of the UTS campus and its faculties including:

- Faculty of Science building featuring the Super Lab
- Faculty of Nursing featuring clinical labs
- Faculty of Business tour featuring the Dr Chau Chak Wing building
- Faculty of Engineering and Information Technology (FEIT) building
- UTS Library including the Library Retrieval System (LRS)
- Faculty of Design, Architecture and Building
- Data Arena — a 360-degree interactive data visualisation facility
- A general campus tour of UTS

## Workshops

Gain informative insights through our range of workshops. Some of our most popular include:

- Careers of the future
- Study in Australia
- Indigenous experience
- General English — learn the basics for greetings, food, places, health and transport
- Academic English — develops confidence and prepares students for academic study

# Learn what our students have to say

'I chose the UTS Insearch Study Tour program because I think this program focuses on English studies in comparison to other programs.'

The classes at UTS Insearch were fantastic and I met a lot of good teachers. In every class it felt like every student's opinion was welcome and the teachers treated us with respect. My teacher gave me the confidence to speak in English more often. So, a main advantage of studying at UTS Insearch is the quality of the teachers. There are also the benefits of the study environment and student resources, like the English Learning Centre and other support services available to students.'

**Ikuo Naito From Japan**

5 week Academic English Program

'Sydney is a relaxing place to live and the people are kind and welcoming. UTS Insearch is more about active learning, and it's definitely more fun. The teachers are passionate and caring. I've really enjoyed my time here and made so many new friends. We've seen iconic Sydney sites and events. I've already recommended UTS Insearch to my friends and want to come back to study here again.'

**Sohyun Cho From Korea**

Academic English Study Tour

# About The University of Technology Sydney (UTS)

UTS offers international, innovative and industry-relevant education in the heart of the global city of Sydney.

## Why choose UTS?

UTS takes a global approach to education that has innovation at its core. UTS is a university for the real world. All courses are closely aligned with industry needs, so what you learn will prepare you for your future career.

## Campus of the future

UTS has invested \$1.3 billion in creating a dynamic and interconnected campus of the future, with award-winning buildings, state-of-the-art facilities and sustainable design.

## Practice-oriented education

UTS is committed to hands-on practical learning. Major projects, group work and real-life case studies are key to this practice-based approach, giving you the skills you need to impress future employers.

## Our students come first

UTS provides support services including: English language support; study support; career development; confidential medical and counselling services; sports organisations and facilities; peer networking and peer support opportunities; and housing support.

## Connections that count

All UTS faculties are led by industry advisory boards and course content is developed in close collaboration with industry partners. Many courses are also accredited by professional associations so, when you graduate, your degree will be recognised across your chosen sector.

## Research that counts

UTS has a growing reputation for future-focused research in emerging disciplines, centred around five theme areas: health, data science, sustainability, future work, and industry and social futures.

## More than just a job

The UTS Careers Service offers free careers consultations, résumé reviews and employment workshops - all designed to enhance your employment prospects. You can also access student job boards, industry career fairs and international alumni networks.

# Reasons to choose UTS Insearch

Whether you're looking for a guaranteed place in a UTS degree, or need to improve your English for university — we can help. At UTS Insearch, you'll benefit from a combination of ongoing academic support, small class sizes and practical learning, designed to help you realise your full potential and give you the confidence to succeed at UTS.

## Guaranteed entry to UTS

Study a UTS Insearch diploma and when you successfully complete your studies, you'll receive guaranteed entry to the corresponding UTS undergraduate degree\*.

## Big in support. Small in size

Enjoy a range of support services freely accessible to all UTS Insearch students, including our Learning Support Program, one-on-one tutorials, study skills workshops, and full-time dedicated academic advisers.

## Part of UTS

Our diplomas are designed in collaboration with UTS. This means the educational outcomes for diploma students are the same as for first year students studying a UTS undergraduate degree.

## Latest technology and facilities

You'll have access to high-tech lecture theatres and classrooms, an English Learning Centre and purpose-built computer labs. As an academic student, you'll have access to UTS facilities including the world-class library.

## Leading the way

Our Leadership Program, valued at A\$2,000, is offered to top performing international students and focuses on developing the skills needed for the Australian workplace. The program includes a six-week work experience program.

## A better way to learn

You'll develop life-long learning skills, not just course subjects. This prepares you to evolve and adapt to challenges and opportunities not just for today, but for the future.

# Our English teaching excellence

Studying English with UTS Insearch means that you will be studying English with one of the top language providers in Australia, with more than 25 years' experience in delivering quality English programs to international students.

## Quality teaching

Learn from English teachers with an average of 15 years' experience and from one of the top English language providers in Australia.

## Extra English support

Get the support you need with free one-on-one tutorials, workshops, and an extra ongoing 24 hour learning app that offers greater flexibility.

## Direct entry

Our English courses are designed to provide direct entry into UTS Insearch academic programs and any University of Technology Sydney (UTS) undergraduate or postgraduate degree.

## Choose from one of our internationally recognised English programs:

### General English (GE)

CRICOS CODE: 032422B

This program is suitable for beginners or students with lower intermediate levels of English. General English prepares you for Academic English with a focus on developing speaking, reading, listening and writing.

### Academic English (AE1 – AE4)

CRICOS CODE: 32410F

This program helps you develop your ability to participate confidently within the university community. Successful completion of Academic English allows direct entry\* into UTS Foundation Studies and UTS Insearch diploma programs.

### Academic English (AE5)

CRICOS CODE: 032410F

This program develops your confidence and skills you need to prepare to succeed at university, in your career and beyond. It focuses on advanced academic writing, understanding detailed academic lectures and academic conversational skills and strategies.

\*English and academic entry requirements apply.
