Master of Educational Psychology
Postgraduate Diploma of Education
Bachelor of Science – First Class Honours

Message from the Principal

After more than 35 years preparing international students for success at UTS, we know what transforms young people. It's not just curriculum, it's environment, independence, and time.

Cambridge International at UTS College gives your child something unique: the opportunity to begin their university journey while earning globally-recognised Cambridge A Levels, enhanced by a distinctive offering that only UTS College provides.

I've spent my career in education, and ages 16 to 18 are transformational. How your child spends these years determines who they become. In traditional settings, these years are often about waiting, waiting for exam results, waiting for university offers, waiting to finally start. Here, there's no waiting. From day one, your child is living independently. Building networks. Gaining confidence. Becoming a person ready to seize whatever future they choose. And the students who choose this path? They're ready for more. Ready to move beyond what's expected. Ready for independence. Ready to get ahead and stay ahead. I hope we get the chance to welcome you and your child to this exciting program soon.

World-first

Turn 16. Start university.

Your child can start building their university life in Sydney before completing high school.

Cambridge International at UTS College combines the globally-recognised Cambridge A Levels curriculum with university education at one of the world's top 100 universities – University of Technology Sydney (UTS).

It's not just A Levels. It's A Levels and university.

Reserved university placement

Give them a guaranteed place at UTS early, no application stress, no uncertainty. Or enjoy the freedom to apply to a range of global universities.

University life at 16

They'll study AS and A Levels on the UTS campus in Sydney and transition from school to university life. They'll build confidence, maturity and career networks from day one.

University credit advantage

They'll study four university subjects alongside AS and A Levels, gaining 24 credit points towards their UTS degree[^], reducing their university load.

Program overview

Curriculum inclusions

- Cambridge International AS and A Levels qualification
- Option to study four first-year university (diploma) subjects
- UTS College Academic English (AE4 and AE5)
- The Duke of Edinburgh's International Award.

Unlock additional benefits
