Get career-ready while you study!

Get a head start on your career goals, prepare for your career while you study, and earn job-ready skills while you learn.

For six weeks from Week 1, you'll:

- attend practical workshops
- practice interview techniques
- develop your CV and cover letter writing skills
- learn how to answer tricky selection criteria questions
- access a range of online resources
- access one-to-one career counselling and advice.

Students can register to join the program via Canvas Courses.
