

UNIVERSITY  
OF TECHNOLOGY  
SYDNEY

Looking for a career that inspires, challenges and energises you? Want to tell visual stories and learn animation, character and storytelling techniques using the latest animation software?

## **Now you can with the Diploma of Animation Production at UTS College!**

We're calling the dreamers, artists, visionaries and storytellers to join us for the Diploma of Animation Production.

## Here's what you'll get:

- 48 credit points and entry into 2nd year of the Bachelor of Creative Production in Animation at the University of Technology Sydney
- foundational skills in 2D and 3D motion drawing to bring stories to life
- a standalone diploma qualification to get you started in the industry
- use of the latest animation software including Harmony, Adobe Creative Suite, and Shotgrid
- exceptional support, teaching quality, and the same first-year knowledge and subjects as UTS Bachelor of Creative Production in Animation students.
