Welcome to UTS College

“Whether you’re taking your first steps towards undergraduate studies, or considering a postgraduate goal, UTS College can help you develop the knowledge, experience, and skills to succeed at university and beyond. We collaborate with UTS to make sure your studies prepare you to enter university with confidence. We’ll be there with you, helping you succeed from day one.”

Morwenna Shahani
Chief Executive Officer UTS College

“UTS has an ambitious vision to be a leading public university of technology recognised for our global impact. We are measured by the success of our students, staff and partners and we have an unwavering commitment to research, innovation and the dissemination of knowledge of public value. Through our education, research and engagement with industry, we’re committed to transforming to a lifetime of learning where we support people throughout their whole career and lives, ensuring we do more than simply prepare people to successfully enter the workforce. We look forward to welcoming you to UTS College and UTS.”

Professor Andrew Parfitt
Vice-Chancellor and President
University of Technology Sydney

About the University of Technology Sydney

The University of Technology Sydney (UTS) offers international, innovative and industry-relevant education in the heart of the global city of Sydney.

Why choose UTS?

UTS takes a global approach to education that has innovation at its core. UTS is a university for the real world. All programs are closely aligned with industry needs, so what you learn with us will prepare you for your future career.

Campus of the future

UTS has created a dynamic and interconnected campus of the future, with award-winning buildings, state-of-the-art facilities and sustainable design. We have tech-driven, purpose-built spaces that'll inspire you to collaborate and learn. UTS is close to Sydney's CBD in walking distance to Central Station, and just a few steps away from places to shop, eat and socialise.

Practice-oriented education

UTS is committed to hands-on practical learning. Projects, collaborative work and real-life case studies are key to this practice-based approach, giving you the skills you need to impress future employers. UTS academics are experts in their professional fields. They will enhance your learning experience with access to the most current industry practices and networks.

Our students come first

UTS provides support services including:

- English language support
- Study support
- Career development
- Confidential medical and counselling services
- Sports organisations and facilities
- Peer networking and peer support opportunities
- Housing support

Connections that count

Many of UTS's faculties are led by industry advisory boards. Program content offer extensive practical components that give you the chance to apply your theoretical learning in a real-world context. Many programs are also accredited by professional associations, so when you graduate, your degree will be recognised across your chosen sector.

Impact-driven research

UTS is a future-focused research university with an emphasis on technology, creativity and social disruption. We believe universities should work for the greater good by driving social change beyond campus, locally and globally, through research and practice. The university has also built partnerships with some of the world's most innovative and successful companies that share our passion for creativity and technology — partnerships that will play a key role in shaping your future.

More than just a job

The UTS Careers Service offers free career consultations, resume reviews and employment workshops – all designed to enhance your employment prospects. You can also access student job boards, industry career fairs, international alumni networks, or participate in one of the many volunteering opportunities at UTS.

The future-focused UTS Campus

Discover our campus that is connecting students, industry and the community.

Why choose UTS College?

UTS College has a range of pathway programs designed for international students just like you, who want to study at UTS, a global top 100 university. Whether you need to improve your English language fluency or build your academic skills, UTS College is your key to what's next.

Your key to what's next

Start strong at UTS College

UTS College is your direct pathway to the University of Technology Sydney. Whether you need to boost your English or strengthen your academic skills, we're here to help you succeed at UTS.

A transformative first-year university experience

Our diplomas in animation production, business, communication, design and architecture, engineering, IT, and science offer the same subjects as first year at UTS, with extra focus on the skills that get you ready for university and everything that comes next.

You'll graduate with a diploma to enhance your degree, and no time lost.

Smooth transition to UTS

Graduate from your diploma and you'll have guaranteed* entry to the corresponding UTS degree. It's a supportive, confidence-building way to start university.

Study in the heart of Sydney

Begin your studies on the UTS campus and enjoy access to world-class facilities, student services and everything Sydney has to offer.

*Based on successful completion of your diploma. For domestic students, you must successfully complete your diploma with the required Grade Point Average (GPA) for the program you choose at UTS.
(Only successful completion of the Diploma of Science is required for articulation to most Science degrees).

^Entry to second year of your UTS degree depends on the UTS program and UTS degree you choose.
Not all diplomas progress to second year.

Why students choose UTS College

A team to support your goals

From Peer Mentors and dedicated Student Success Advisers to 24/7 online tutoring and more, we'll help you stay on track and feel at home from day one.

Learn your way

Our interactive, hands-on learning style is designed to bring out your best and help you grow in confidence.

What our students say

*"The hands-on approach
really helped me learn."*

– Michelle, Diploma of
Design and Architecture

*"Classes were small, and the
tutors were so supportive."*

– Isanne, Diploma of Science

Our location

Take a tour ▶

An aerial photograph of the Sydney city skyline, featuring numerous skyscrapers and the Sydney Tower Eye. A large blue circle is overlaid on the left side of the image, containing white text. The background shows the city extending to the water, with a bridge visible in the distance.

Convenient, inspiring, fun

You'll love being close to everything you need. Not only will you be studying in the UTS precinct in the centre of Sydney, you'll be near major transport hubs too. From convenient public transport to cafes, shops, galleries, theatres and nightlife, you'll find everything you need for your study and leisure.

Studying on a campus that has industry and innovation on its doorstep is a great advantage. Being in Sydney's creative precinct means you are surrounded by entrepreneurs and start-ups bursting with energy, new opportunities and inspired ways of thinking.

Come and enjoy the adventure.

Introduction to our programs

Message from our Dean

"Moving from the familiar world of high school to university is no small thing. We're here to make sure that transition is a positive experience. At UTS College, we'll help unlock your full potential while you develop the knowledge, confidence, and skills to thrive at university."

Sally Payne
Dean

Diplomas

A UTS College diploma guarantees entry to a UTS undergraduate degree, with most diplomas fast-tracking you to second year UTS.* They are designed in consultation with the corresponding UTS faculties to prepare you for your degree.

These diplomas offer pathways into:

- Animation Production
- Business
- Communication
- Design and Architecture
- Engineering
- IT
- Law
- Science

At UTS College, you can choose to complete your diploma over 8 months with our Accelerated program or 12 months with our Standard program.

Accelerated or Standard?

At UTS College, you can choose** to complete your diploma in eight months with our Accelerated program or 12 months with our Standard program. The type of program you choose depends on how much time you need to adjust to the study workload you feel comfortable with.

Find out which diploma program duration is right for you:

*Based on successful completion of your diploma with the required Grade Point Average (GPA) for the program you choose at UTS. The Diploma of Science only requires successful completion of your diploma with no required GPA. Please refer to our website for more information.

**The point where you enter the UTS degree will depend on your chosen major. Not all majors will take you into second year. Credit points apply to other majors.

#Based on the average of the top 4 HSC subjects (including English as compulsory) where the courses are board developed and an external examination has been undertaken.

Diploma of Animation Production

Our program lets you explore your passion for visual arts, drawing and storytelling. Gain the knowledge and hands-on experience required to create animation work that stands out in a global industry.

Diploma of Animation Production

Message from the Creative Industries Program Manager

Do you have a passion for visual arts, drawing and storytelling? Want to apply your creativity in a global industry that offers a wide range of dynamic and ambitious employment opportunities? Start your journey to UTS animation production here.

Leo Roehrich

Acting Program Manager,
Creative Industries

BA: History/Theatre Design, MA: TESOL Education/
Applied Linguistics - Semiotics (Summa Cum Laude)

As a Diploma of Animation Production student you will gain direct entry into second year of the UTS Bachelor of Animation Production, provided you successfully complete your diploma with the required Grade Point Average (GPA). You will also be awarded **48 credit points** towards your UTS degree.

The course is accredited by the Tertiary Education Quality Standards Agency (TEQSA) and is offered to both domestic and international students. It is recognised by the Australian Qualifications Framework (AQF).

Animation pathway into UTS

The pathway you take into UTS will depend on your English language proficiency and academic qualifications.

* Based on successful completion of your diploma with the required Grade Point Average (GPA) for the program you choose at UTS.

* Based on the average of the top 4 HSC subjects (including English as compulsory) where the courses are board developed and an external examination has been undertaken.

Program benefits

- **48 credit points** with guaranteed entry to UTS*
- Direct entry into the second year of your UTS animation degree**
- Focuses on traditional and foundational knowledge in animation
- Creative, studio-led approach in a practical learning environment
- Taught by experts in design, animation and creative industries

You will receive 48 credit points towards the Bachelor of Animation Production.

Animation Production subjects

	Trimester 1	Trimester 2	Trimester 3
Accelerated Diploma CRICOS CODE: 112656F Total subjects: 6	• Academic English: Communication Fundamentals • 2D Animation Introduction • Foundations in Animation Language	• Digital Media Industries • Foundations in Animation Design • Introduction to Hybrid Animation	
Standard Diploma CRICOS CODE: 112658D Total subjects: 6	• Academic English: Communication Fundamentals • 2D Animation Introduction	• Foundations in Animation Language • Digital Media Industries	• Foundations in Animation Design • Introduction to Hybrid Animation

*Based on successful completion of your diploma with the required Grade Point Average (GPA).

**The point where you enter your UTS degree will depend on your major.

Diploma of Business

Upon completion of a business diploma, you will be able to demonstrate a good understanding of everyday business functions such as accounting, finance, marketing and management that are practised across global organisations.

UTS is a global

Diploma of Communication

Message from the Creative Industries Program Manager

“Do you dream of being an award winning journalist, film critic or advertising executive? From Journalism to Public Relations and Digital Media, your pathway to a sought after UTS communication degree begins here.”

Leo Roehrich

Program Manager, Creative Industries
BA: History/Theatre Design, MA: TESOL Education/
Applied Linguistics - Semiotics (Summa Cum Laude)

As a successful Diploma of Communication student, you will gain direct entry into the second year of the UTS Bachelor of Communication or Bachelor of Creative Production with **48 credit points** awarded towards your UTS degree, dependant on the course you choose. The Diploma of Communication is accredited by the Tertiary Education Quality Standards Agency (TEQSA), is offered to both domestic and international students and also gives you the option to gain direct entry into the first year of the UTS Bachelor of Laws, with **48 credit points** towards a law degree. It is recognised by the Australian Qualifications Framework (AQF).

If you wish to study one of the other majors offered in the UTS Bachelor of Communication, the 48 credit points can apply to the duration of the degree, allowing for a reduced workload. Journalism and Media, Arts and Production (MAP) majors can take up to three years to complete due to their program structures. Entry to all majors at UTS depends on successful completion of your diploma.

Communication pathway into UTS

* The point where you enter the UTS degree will depend on your chosen major. Not all majors will take you into second year. It is also subject to completion of a diploma with the required Grade Point Average (GPA) for the program you choose at UTS. Please refer to our website for more information.

* Based on the average of the top 4 HSC subjects (including English as compulsory) where the courses are board developed and an external examination has been undertaken.

Program Benefits

- Up to **48 credit points** with guaranteed entry to UTS[^]
- Direct entry into the second year of your UTS communication degree[^]
- Direct entry into first year UTS Bachelor of Laws
- UTS subjects adapted to support UTS College students
- Real-world assessments

48 credit points towards the UTS Bachelor of Communication in the following majors[^]:

- Digital and Social Media
- Journalism
- Social and Political Sciences
- Media Business
- Public Relations and Advertising
- Creative Writing

48 credit points towards the UTS Bachelor of Creative Production in the following majors:

- Music and Sound Design
- Media Arts

48 credit points towards the UTS Bachelor of Laws[#]

Communication subjects

	Trimester 1	Trimester 2	Trimester 3
Accelerated Diploma CRICOS CODE: 080602M Total subjects: 8	• Academic English: Communication Fundamentals • Self & Society • Understanding Digital Audiences • Strategic Communication in Society	• Communication & Society • Digital Media Industries • Imagining the Real • Media Law & Ethics	
Standard Diploma CRICOS CODE: 080601A Total subjects: 8	• Academic English: Communication Fundamentals • Self & Society • Understanding Digital Audiences	• Strategic Communication in Society • Communication & Society • Digital Media Industries	• Imagining the Real • Media Law & Ethics

^{*} Based on successful completion of your diploma with the required Grade Point Average (GPA) for the program you choose at UTS.

Entry into the second year of UTS is only for Strategic Communication or Digital and Social Media Majors.
 For other majors, the 48 credit points apply to the duration of the degree, allowing for a reduced workload.

^{**}The point where you enter your UTS Bachelor of Communication will depend on your major.

^{***}The pathway to the UTS Bachelor of Laws offers either 48 credit points without Practical Legal Training or 30 credit points with Practical Legal Training.

[^]For the majority of double degrees, the GPA score can be higher than that of a single degree. You can apply to study a double degree but there is no guaranteed articulation.
 The program information is correct at time of printing, please visit our website for the latest details at utscollege.edu.au

BSc (1st Class Hons) (UTS)

Once you complete your Diploma of Science, you will be guaranteed entry into all Bachelor of Science majors. You also have the option to progress to other specialised degrees, including Medical Science and Forensic Science*. For most articulations you will receive between **24 and 48 credit points** towards your UTS degree**.

The course is accredited by the Tertiary Education Quality Standards Agency (TEQSA), is offered to both domestic and international students and is recognised by the Australian Qualifications Framework (AQF).

Science pathway into UTS

* Based on successful completion of your diploma for the program you choose at UTS. The point where you enter into your UTS Bachelor of Science will depend on your major.

** Depending on the course you choose.

Based on the average of the top 4 HSC subjects (including English as compulsory) where the courses are board developed and an external examination has been undertaken.

Refer to [articulation requirements](#) and talk to our [Admissions Team](#) for more details.

Program Benefits

- Up to 48 credit points with guaranteed entry to UTS*
- Direct entry to the second year of your UTS science degree**
- Choice of two streams — Life Sciences or Physical Sciences
- Open the door to a wide range of specialist undergraduate science degrees
- Focus on scientific theories applicable to the real world
- Engage with hands-on practices that prepare you for a successful STEM career

You will receive 48 credit points towards the UTS Bachelor of Science in the following majors*:

- Biotechnology
- Chemistry (Physical Sciences stream)
- Physics and Mathematics
- Life and Environmental Sciences
- Medical Science

You will receive 48 credit points towards the following UTS bachelor degrees*:

- Advanced Science
- Environmental Biology
- Forensic Science
- Marine Biology and Climate Change
- Molecular Biotechnology
- Food Science and Technology

You will receive 42 credit points towards the following UTS bachelor degree:

- Chemistry (Life Sciences stream)

Science subjects

	Trimester 1	Trimester 2	Trimester 3
Life Sciences Stream			
Accelerated Diploma CRICOS CODE: 070302F Total subjects: 9	• Academic & Technical Communication • Chemistry 1 • Nature and Evolution • Scientific Perspectives for Global Issues • Cell Biology and Genetics	• Chemistry 2 • Design, Data and Decisions • Human Anatomy and Physiology • Molecular Biology	
Standard Diploma CRICOS CODE: 070301G Total subjects: 9	• Academic & Technical Communication • Chemistry 1 • Scientific Perspectives for Global Issues	• Chemistry 2 • Nature and Evolution • Cell Biology and Genetics	• Human Anatomy and Physiology • Molecular Biology • Design, Data and Decisions
Physical Sciences Stream			
Accelerated Diploma CRICOS CODE: 070302F Total subjects: 9	• Academic & Technical Communication • Chemistry 1 • Physical Modelling • Scientific Perspectives for Global Issues • Foundation Mathematics	• Chemistry 2 • Mathematics 1 • Physics 2 • Cell Biology and Genetics	
Standard Diploma CRICOS CODE: 070301G Total subjects: 9	• Academic & Technical Communication • Chemistry 1 • Scientific Perspectives for Global Issues	• Chemistry 2 • Physical Modelling • Foundation Mathematics	• Mathematics 1 • Physics 2 • Cell Biology and Genetics

*Based on successful completion of your diploma.

**The point where you enter your UTS degree depends on the program and major you choose. Visit our website for details. The program information is correct at time of printing, please visit our website for the latest details at utscollege.edu.au

Academic program entry requirements

The table below lists the minimum entry requirements needed to enter UTS College academic programs.

International qualifications

5 or 6 aggregate of best three subjects

Qualification	UTS College diplomas***
	Standard (3 semesters – 12 months) Accelerated (2 semesters – 8 months)
Global Assessment Certificate	GPA 2.60 Standard and Accelerated
International Baccalaureate	21 Forecast IB score minimum 23 acceptable
SAT (Scholastic Assessment Test)	Completion of year 12 and score of 1050 (out of max.1600: Standard and Accelerated)
NCUK IFY (The Northern Consortium of UK International Foundation Year)	5 or 6 aggregate of best three subjects
Certificate IV	Certificate IV in Tertiary Preparation Admission criteria: Successful completion Other Certificate IV qualifications offered in the VET sector or internationally Eligibility conditions: - Must be delivered by a Registered Training Organisation (RTO) listed on training.gov.au, or - Delivered by a Higher Education provider registered with TEQSA. - Admission criteria: Upon application

Country/region entry requirements

Country/Region of Education	UTS College diplomas***
	Standard (3 semesters – 12 months) Accelerated (2 semesters – 8 months)
Australia – domestic students (Australian citizens, Australian PR Visa holders and NZ citizens) Applicable for students undertaking HSC before 2025	HSC subject average is based on English (compulsory) plus the best 3 board developed courses where an external examination has been undertaken: 75% for Accelerated (max. OP score of 15) 67% for Standard (max. OP score of 16)
Australia - domestic students (Australian citizens, Australian PR visa holders and NZ citizens) Applicable for students undertaking HSC from 2025 onwards	HSC subject average is based on the average of the top 4 HSC subjects (including English as compulsory) where the courses are board developed and an external examination has been undertaken. - For Accelerated Diploma: HSC subject average 75% - For Standard Diploma: HSC subject average 67%
Australia – international students completing HSC Applicable for students undertaking HSC before 2025 (Diploma entry requirements)	HSC subject average is based on English (compulsory) plus the best 3 board developed courses where an external examination has been undertaken: 75% for Accelerated (max. OP score of 15) 67% for Standard (max. OP score of 16)

The academic entry requirements are correct at time of printing, please visit our website for the latest entry requirements at utscollege.edu.au

***Domestic students are expected to be a minimum of 17 years of age when commencing UTS College diplomas. Younger students may be offered a place in the diploma at the discretion of UTS College, providing they have met admission requirements prior to program commencement

Country/region entry requirements

Country/Region of Education	UTS College diplomas***
	Accelerated (2 semesters – 8 months) Standard (3 semesters – 12 months)
Australia – international students (international students at high school in Australia) Applicable for students undertaking HSC from 2025 onwards (Diploma entry requirements)	HSC subject average is based on the average of the top 4 HSC subjects (including English as compulsory) where the courses are board developed and an external examination has been undertaken. - For Accelerated Diploma: HSC subject average 75% - For Standard Diploma: HSC subject average 67%.
Bangladesh	HSC 2nd Division 53% or GCE: 2 A level passes, 1 D grade and 1 E grade
Bahrain	General Secondary School Certificate (GSSC) 78% or equivalent
Brazil	Ensino Médio 7.0
Brunei	GCE: 2 A level passes, 1 D grade and 1 E grade or AS Levels: 4 passes (grades A-D) or equivalent to 8 points or more
Cambodia	AQF Cert IV or Diploma of Upper Secondary Education with B average
Cameroon	GCE: 2 A level passes, 1 D grade and 1 E grade (forecast results acceptable) or AS Levels: 4 passes (grades A-D) or equivalent to 8 points or more

United Arab Emirates	General Secondary Education Certificate Tawjihiyya with 73%
United Kingdom	GCE with 2 A level passes, 1 D grade and 1 E grade or AS Levels: 4 passes (grades A-D) or equivalent to 8 points or more
USA	High School Diploma with GPA 2.8
Vietnam	Year 12 successful completion with 6.7 grade average

The academic entry requirements are correct at time of printing, please visit our website for the latest entry requirements at utscollege.edu.au

***Domestic students are expected to be a minimum of 17 years of age when commencing UTS College diplomas. Younger students may be offered a place in the diploma at the discretion of UTS College, providing they have met admission requirements prior to program commencement

Articulation requirements from UTS College diploma to UTS undergraduate degree

Domestic students who satisfactorily complete a UTS College diploma are eligible for a Commonwealth Supported Place (CSP) and an offer from UTS if they meet the articulation requirements. If domestic students do not meet the GPAs below they may have the opportunity to compete with other non-current school leavers for the offer of a Commonwealth Supported Place (CSP) at UTS. Please note that the target GPA is based on the year that a student commences their UTS College diploma. The GPA requirements are for students commencing their UTS College diploma in 2026.

Select a program below to view the requirements on our [website](#).

Student support services and facilities

Learning support

Study success sessions

During Orientation (also known as Welcome Week) you will attend study success workshops. In these workshops, you learn how to manage your time and get the most out of your lectures and tutorials.

Higher Education Language and Presentation Support (HELPS) Centre

With free weekly one-on-one learning support sessions for Academic English students, you'll feel better prepared for your assessments and exams. The HELPS Centre also runs activities such as:

- Speaking groups
- Short film discussion groups
- Learning assistance sessions
- Teaching support

One-on-one learning tutors

We offer free weekly one-on-one learning support sessions in both Academic Writing and Mathematics, which will help to prepare you for assessments and exams.

Subject Coordinator consultation

If you have problems with a specific subject, our Subject Coordinators can assist you during weekly drop-in sessions, or online.

Study help 24 hours a day, 7 days a week

Free online study help is available to all UTS College students anytime, anywhere via our [Studiosity](#) service. You can get constructive feedback on your written assignments or chat to a study specialist if you have a question about one of your subjects. This support service is great for after-hours study as well.

Study skills workshops

During the semester we offer free weekly academic study skills workshops, which will help you to manage your study load, understand how to write your assessments and prepare for your exams.

Message from the Student Support Manager

"Starting the journey of your university education at UTS College marks a new chapter in your life. It is exciting, empowering and at the same time challenging. All of these experiences will equip and enhance your life after university.

Study Success Advisers are your helping hands during this journey. We can assist you by providing advice, support and referral services to help you stay on track and progress in your studies."

Zoe Wang

Student Support Manager

BA Information and Library Science (Wuhan University),
Grad Dip Information Technology (Swinburne),
Grad Dip Secondary Teaching (Monash) M Ed (Sheffield University)

Peer support in the classroom

Selected peer helpers work closely with the classroom teacher to provide you with additional support. Peer helpers may assist with group activities and help you to understand what is required to pass assignments.

Career Education and Support

CareerSmart helps you prepare for your career while you study. Think of it as your own personal trainer to help you land your first job! This program includes practical workshops, plus your choice of personal career coaching and training resources when you need it.

Unique to UTS College, it's created for students, by students in full consultation with Student Success Advisers.

Ongoing academic support

Dedicated Study Success Advisers

Study Success Advisers can offer you support and advice on your studies, so you know what you need to do to meet your program requirements and stay on track. If you have any difficulties that may affect your studies, ask your Study Success Adviser for help.

Welfare and Accommodation support

Accommodation

If you're looking for support and advice on accommodation, our Accommodation team is available to help you.

Counselling services

If you ever need to talk to someone about academic progress, study, finance or personal problems, UTS offers confidential counselling. A counsellor is also on campus each week, which means you can have private conversations if you need some help.

Other services

Security

Your safety and security is our priority. We provide security in all our buildings to offer immediate help if you ever need it.

Prayer rooms

You can worship in privacy on campus at our dedicated multi-faith prayer rooms.

Health services

You can access health and medical assistance at the UTS Health Service.

Student Centre

If you need help with general enquiries, you can visit the Student Centre. They can assist you with confirmation of enrolment, public transport information, certificates and transcripts, updating your contact details, paying your fees, accommodation assistance and visa enquiries.

Facilities

Experience the latest technology

You'll have access to up-to-date student computer labs and high-speed wireless internet throughout the campus.

You can enjoy studying in modern buildings that house cutting-edge facilities, labs and working spaces designed for collaboration and effective learning.

Access a world-class library

As an academic student, you can use the UTS library, which has thousands of online and physical resources just waiting for you.

Study help - anytime, anywhere

Powered by **Studiosity**

As a UTS College student, you'll have access to Studiosity, an online study support service.

Writing Feedback

This service provides feedback for essays and written assignments. The Writing Feedback service benefits students at all levels - whether you're fluent in English or a beginner.

You will get feedback from a study specialist who can help you with grammar, punctuation, sentence structure and phrasing. Upload your draft essay or assignment and you'll get comprehensive and constructive feedback within 24 hours.

ConnectLive

ConnectLive provides one-to-one, personal help with your studies in real-time. You can post your study question via your student account, then connect to a specialist.

When connected, you'll enter an online and interactive 'classroom' where you can chat with the specialist and work through your question together.

Support outside the classroom

Think of Studiosity as having your own tutor, only instead of one tutor, as a UTS College student you'll have access to hundreds of specialists 24 hours, seven days a week.

**"When I use Studiosity
I get better marks and
that makes me more
confident as a student."**

Learn more

A new way to learn: Learning.Connected

Reach your potential at UTS and beyond with our highly supportive, interactive and personalised learning experience that puts you at the centre.

We've developed a future-focused learning experience that will help you excel at UTS and beyond.

How is Learning.Connected different?

- Big in personalised support, with small face-to-face classes where help is always at hand.
- Develops your collaboration, communication, independent learning and critical thinking skills.
- Make the most of your time in and outside of class, using the latest technology and interactive online tools, activities and resources to help you revise, retain and prepare for class.
- You're actively guided by your teachers every step of the way – in or out of class, in workshops, during consultations, via feedback on your independent learning tasks.

"The teachers at UTS College are really supportive and enthusiastic, ensuring that all students are learning to their full potential."

LEARNING
CONNECTED

Find out more about how
Learning.Connected is different
and what our students say.

CareerSmart at UTS College

CareerSmart is a practical career education and development program combining face-to-face workshops with online resources and activities, available to all College students from Week 1 of each trimester.

You'll acquire early career development skills and improve your graduate outcomes. This includes career-ready skills like networking, collaboration and communication, to CV writing, how to answer tricky questions, interview techniques, volunteering, leadership opportunities and more. It will also get you thinking about the jobs you're likely to be qualified for with your chosen path and to ensure you've made the right program choice.

With CareerSmart, you can:

- practice interview techniques
- develop your CV and cover letter
- build your selection criteria writing skills, and
- get advice about your career options and study pathway.

After you join UTS College, you can register for the program through our learning resource platform, Canvas.

Find out more about
CareerSmart at UTS College

Student activities

Make new friends for life and thrive in a new social scene

Activities Club

You'll love our free Activities Club and will find it a fun way to make new friends. Get involved in exciting activities, such as movie nights, barbecues, sports competitions, music, excursions and more.

When you join the Activities Club, you become part of a community that improves the wellbeing of students. Together, we encourage learning, celebrate success and connect you with like-minded people to create new friendships and build a thriving community. It will be a highlight of your learning journey!

To find out more, please Visit
utscollege.edu.au/clubs-and-activities

University clubs with ActivateUTS

Enjoy photography, languages, sport, raising money for charity or helping the environment? ActivateUTS has something for everyone.

There are hundreds of social clubs, events and sporting activities you can join with other students from across the university.

To find out more, please Visit
activateuts.com.au

Volunteering

Giving back is rewarding. You can be a student volunteer and become part of the valuable team that helps new students settle in. Your efforts really do make a positive difference to students and help to make their arrival smoother. You'll make new friendships — and build connections — that last a lifetime. Volunteers participate in a great training program, and you gain experience that helps you in your professional life after university.

Student Advisory Groups

We have designated Student Advisory Groups for each of our programs. The groups meet with our Program Managers and teachers on a regular basis to discuss topics such as current policies, procedures and recommendations to improve the student experience. It's a great way for you to have a voice in your education.

Study expectations

Workload

On average, students take four subjects per semester. There are differences based on whether your program is accelerated, standard or extended. Your face-to-face teaching hours will also depend on whether your course has practical lessons and/or laboratory classes.

Study time

As a full-time student, you should spend about 48 hours a week on your studies. Expect to spend around 4 hours per day outside of class for completing assignments and reviewing material.

Learning experience

Our specialised curriculum focuses on collaboration and teamwork. That means you'll often work with a group to complete assessments. If you're not used to this style of learning, we're here to help you adjust so you can get the best preparation possible for your career.

Bring Your Own Device (BYOD)

As part of our technology-enhanced learning approach, you need to bring your own device (BYOD) to use in your classes. Please visit utscollege.edu.au/current-students and review the IT support page for further information.

Study management

Attend and participate in classes, ask questions, and get involved in discussions to help you gather all the information you need for your assignments. Stay organised and keep a calendar of your assessment due dates. Try to allow yourself at least two weeks to work on each one.

Most importantly, don't be afraid to seek help when you need it. We're here to help you with anything you may need.

Class schedule

Classes are scheduled from Monday to Saturday between 9am and 8pm. You'll also have time in your schedule to make new friends and explore all that UTS College and Sydney have to offer.

Our knowledgeable enrolment officers will help you to enrol and register your classes. You can also contact the Student Centre for assistance.

Scholarships and prizes

Rewarding and celebrating our students' academic excellence is very important to us. Each semester, we award prizes to our highest achieving students and offer a number of scholarships to current and future UTS College and UTS students.

Scholarships on offer

Jumbunna Institute for Indigenous Education and Research Scholarship

If you are an Aboriginal or Torres Strait Islander student and have applied to study at UTS through the Jumbunna Institute, you can apply for the UTS College Jumbunna Scholarship program. Recipients can choose to study one of our six diplomas over a period of either 8, 12 or 16 months. Recipients are awarded a full scholarship to study at UTS College. Other financial support is available for eligible recipients.

Please visit jumbunna.uts.edu.au for more information.

UTS undergraduate and postgraduate scholarships

Each year, UTS awards more than 1,000 undergraduate and postgraduate scholarships to current students. Each scholarship differs in length of study, application process and value. These scholarships are available to all students.

Please visit uts.edu.au/future-students/scholarships for more information.

Prizes

Each year, UTS College offers prizes for students who achieve outstanding academic results.

Outstanding Graduate Prizes

The Outstanding Graduate Prize is awarded to a full-time student who achieves the highest GPA at the end of their program.

If more than one student achieves the highest GPA, the prize is shared.

Please visit our [website](http://utscollege.edu.au/scholarships) for more information.

For more information about our scholarships and prizes, please visit

utscollege.edu.au/scholarships

“As someone who didn’t achieve a great ATAR and struggled with finding the right program and pathway, being a prize winner is a proud moment in my life. I have my teachers to thank for inspiring me to work hard at my studies. I never thought it was possible to receive such a prize, but now I feel like I can do anything.”

Neda

Diploma of Science student and
Dean’s Merit Prize Winner

Neda's journey

Frequently asked questions

Applications and enrolment

Should I apply early?

Yes. You should apply early so that when you receive an offer you can accept it (by paying the required fees or applying for FEE-HELP) and secure your place in the program you want.

What is the turnaround time for processing applications?

Complete applications are processed within 48 hours.

Can I still apply even if I don't have all my certified documents with me?

Yes. UTS College can still process your application if you do not have all the relevant documents you need. We will provide you with a provisional offer. Once we have received the required documents and confirmed that you have met all entry requirements, a full offer can be made.

How will you communicate with me?

After you accept your offer and pay the required fees, you will be given your own UTS email address and details of how to activate it. We will communicate with you via your UTS email account.

Studying at UTS College

What are the rules about attendance?

Maintaining satisfactory attendance is a requirement of UTS College. The requirement is to attend at least 80% of classes.

Where can I find information on program timetables?

Information on lecture and tutorial times is posted on Canvas or sent via email and estudent timetable page.

How many people will be in class with me?

Class sizes at UTS College are small, with no more than 20 students per academic class. This means you benefit from maximum face-to-face time with your tutor or lecturer.

How many hours of study per week are required?

This depends on your program and program mode (Accelerated, Standard and Extended).

Can I work while studying?

Yes. A focus on your studies is essential but we recognise that some students may want to work part-time. Working arrangements need to fit around your study commitments.

Part-time work must not interfere with your studies or timetable. You must be available to attend classes from 9am-8pm, Monday to Friday. You may also be required to attend classes on a Saturday.

How can I change from one program to another?

If you want to change your program, you will need to go to the UTS College Student Centre and talk to a staff member. Transferring to another program will depend on availability, your academic progress and your academic qualifications.

What are your program fees?

Please refer to our website for information on our program fees: utscollege.edu.au/how-to-apply/program-fees

Welcome Week

When is it held?

Welcome Week (orientation week) is held before your classes commence. Information regarding this appears in your Welcome Week letter, which will be sent to you via email once you have accepted your offer.

Is attendance at Welcome Week compulsory?

Yes, and it's compulsory to attend all sessions as they will support your transition into life at UTS College.

Articulation to UTS

How does articulation to UTS work?

During the final trimester of your diploma program a transfer session will take place that you must attend. UTS faculty representatives will offer advice and information about the various degrees and majors available, and articulation from UTS College. Study Success Advisers will provide more details about the transfer session. For more information please visit our [website](#).

If I fail some subjects, can I still articulate to UTS?

If you fail any subjects you will first need to repeat them. But yes it is still possible to articulate to UTS providing you achieve the required GPA in your diploma.

Student support

Does UTS College have extra learning support?

Yes. Study Skills Workshops are available during Welcome Week, and throughout the year, to help you get a head start with your studies. Please speak to a Study Success Adviser for further information.

Student scholarships

Does UTS College offer scholarships?

Yes. A list of UTS College scholarships can be found at utscollege.edu.au/scholarships

You can find out more by visiting the FAQ's page on our website utscollege.edu.au/about/faqs

How to apply and accept your offer

Applying to UTS College and accepting an offer is easy.
It can be completed in 3 simple steps.

Step 1

Complete the online application form:

Online

student-utscollege.studylink.com

Or download the PDF application form online,
complete and send via one of the below channels:

By email

admissions@utscollege.edu.au

In person

UTS College Student Centre
UTS Building 5, Block C, Level 1 (Ground Floor)
1-59 Quay Street, Haymarket NSW 2000

By post

UTS College Student Admissions
PO Box K1085 Haymarket
NSW 1240 Australia

Step 2

Acknowledgement of your application

You will receive notification of the outcome of your application. Notification will include an offer (or provisional offer) for the programs and details of fees.

On payment, or after approval of your FEE-HELP loan application, you will receive further information from us.

Early application and either payment of fees or submission of a Request for a FEE-HELP loan non-university private higher education providers form online through UTS College's eStudent portal is desirable to secure a place in the programs.

Step 3

Accept your offer

To accept the offer and secure your place at UTS College you should:

- Submit certified copies of any outstanding documents if requested by UTS College.
- Accept your offer by forwarding the completed Acceptance Form or via the Student Application Portal – access will be available one hour after receiving your offer (instructions on how to access the Student Application Portal are contained in your offer letter).
- Make payment (upfront by one of the payment options listed in your offer letter and forward proof of payment to the above address; or if you would like to apply for FEE-HELP (eligibility rules apply), you need to complete a Request for a FEE-HELP loan non-university private higher education providers form online through UTS College's Student Application Portal portal. Instructions on how to access the Student Application Portal are contained in your offer letter.

FEE-HELP is an Australian Government initiative that allows Australian citizens, holders of an Australian permanent humanitarian visa and eligible New Zealand citizens to study now and pay later, through the taxation system. A loan fee of 25% applies for diploma programs. For more information on FEE-HELP please visit studyassist.gov.au Additional information regarding FEE-HELP is provided in your offer letter.

For further information regarding enrolment at UTS College, please contact the UTS College Student Centre, located next to the campus entrance.
